

APPLICATIONS TOTAL 48 FOR HOUSING UNITS

Families Will Be Chosen
For New Project
Next Month

PRIORITY WILL BE BASED
UPON APPLICANTS' NEED

Forty-eight applications have been received to date for the new 100-unit low-rent housing project now being built at Penn-Village, W. Bruce Elliott, local occupancy supervisor for the Montgomery Housing authority, announced yesterday.

He said 16 of the applicants are bidding for the 10 two-bedroom units to be completed Jan. 15. He added, however, that none of the families will be selected for occupancy until sometime next month.

"That's why we would like to urge people to continue applying," Elliott stated.

He explained that the basis for priority will be determined by the status of the applicant rather than the order in which applications are received.

"Someone completely without housing will be considered first," he said, "followed by disabled veterans, families of servicemen, then others."

IN CLARIFYING the statement on "someone completely without housing," Elliott explained this included families living in "barns, old buses or a tent in a field" and that they "should definitely apply."

The housing office at 51 North Charlotte street, which opened the past Monday, has been receiving on an average of a dozen applications daily with requests ranging from the one to four bedroom units.

The entire project, composed of 17 brick structures with from four to eight apartments in each, located immediately behind the present Penn Village development, (Continued on Page Twenty)

Fine's Office Terms Rumor of Resignation Silly; Wood Skeptical

Gov. John S. Fine and Lt. Gov. Lloyd H. Wood, Evansburg, denied last night a rumor that the Governor would resign soon to accept a Federal judgeship in Philadelphia.

Duncan McCallum, Fine's secretary, told a reporter, "There is nothing to the concocted story. I got in touch with the Governor. He said it was silly. He would not dignify it with comment."

Wood said last night he thought the resignation was "a possibility, but I think it's improbable. I think that is mostly a speculative or imaginative proposition."

The lieutenant governor said he had heard the rumor while in Harrisburg yesterday, "but personally that doesn't interest me in the slightest."

If Fine should resign before his term expires in January, 1955, the \$25,000-a-year post automatically would go to Wood, who now receives \$15,000.

THE RUMOR WAS reported yesterday morning by a Lancaster newspaper, saying, "Republican circles buzzed with the report" that Fine would accept an appointment by President-elect Dwight D. Eisenhower early next year to fill a vacancy in the US District court in Philadelphia.

The Federal judgeship, vacated by Guy K. Bard, a Democrat, when he unsuccessfully opposed Sen. Edward Martin's bid for reelection to the US Senate, is a lifetime post. It pays \$15,000 a year.

The Lancaster newspaper said some Republican sources believed (Continued on Page Twenty-three)

Topcoats Appear To Challenge Fall

Yesterday's blue sky, here and there spotted with tufts of white clouds, no longer was obscured by leaf-laden trees, as the gentle breezes nudged off more and more foliage to remind all a colder season is yet to come.

Regardless of how well sky, sun and wind blended to match the ideal Autumn day, more and more topcoat wearers challenged yesterday's high of 52 degrees.

Toward evening a few muf-flers were seen as the mercury plummeted down into the low 30s.

It may take a while for the sun to break through today and bring with it some of yesterday's mildness, since the weatherman says "increasing cloudiness," adding "not quite so cold."

STREAM FRIENDS ANGERED AFTER MEETING FAILS

Charge Commissioners
Are Giving Them
"Run-Around"

When members of the Friends of the Perkiomen tried to meet with Montgomery county's three commissioners the past December, only two commissioners were there, and the two said they couldn't do business without the third one.

Yesterday, seven of the "Friends" appeared again for a scheduled meeting. This time the third commissioner was there, all right, but the first two weren't.

The seven-member delegation stalked out of the commissioners' office in the county courthouse in Norristown after a fruitless ten-minute session with the third commissioner, Frederick C. Peters. They said they were angered at getting what they considered to be "the run-around."

Peters told them Raymond K. Mensch couldn't be there yesterday because he'd had to attend a meeting in Doylestown, and Foster C. Hillegass had to be at a meeting in Harrisburg.

The seven-member delegation, five of whom are Pottstown area residents, wanted to discuss the Philadelphia Suburban Water company's plan to draw an estimated 16,500,000 extra gallons daily from the Perkiomen creek.

THE FRIENDS OF THE PERKIOMEN are opposing this plan, which was the subject of a hearing in Harrisburg on Wednesday.

Peters told them that, while he (Continued on Page Twelve)

Graterford Laborer To Give Blood 100th Time in December

Ira Russell, 7 Gravel pike, Graterford, has made an appointment to give his 100th pint of blood when the Red Cross bloodmobile appears in Pottstown Dec. 2.

The 38-year-old laborer, who has been a donor 16 years, will give the century pint at 3 p. m. He contributed during the last visit of the bloodmobile the past Oct. 2.

Anyone else who donated that day is eligible to give again, since the necessary eight weeks will have elapsed.

The bloodmobile will be at the YVCA from 1 to 6:30 p. m. Dec. 2.

Pottstown's quota is 150 pints. The blood quota for Pottstown area supervised by the Northern branch, Southeastern Pennsylvania chapter, American Red Cross, is 2375 pints for this year.

To date, 578 pints have been collected in two of the 15 visits the bloodmobile will make to area industrial plants and municipalities during the year.

The year's quota is a third more (Continued on Page Twelve)

Inauguration Seats Depend on Number Of Tickets Bought

How many Montgomery county Republicans will have good seats at the inauguration Jan. 20 of President-elect Dwight D. Eisenhower probably will depend on how many purchase tickets for a special train to Washington for the affair.

Lt. Gov. Lloyd H. Wood, Evansburg chairman of the county GOP, spoke to State Senator M. Harvey Taylor, State committee chairman, in Harrisburg yesterday about the county's seat quota, but said last night "nothing is definite yet."

He said Taylor told him he had requested the inaugural committee to erect a stand along the inauguration parade route, but has had no reply from the committee yet.

The committee still is in the organization stage, Wood said. It has not begun to work on inauguration plans yet. Taylor's request, he said, was made through Sen. James Duff's office.

WOOD POINTED out, however, there are tentative plans for those traveling to Washington on four special trains from the State to receive tickets for seats in the proposed Pennsylvania stand when they pay their train fare.

Twelve Scout leaders were honored at a Continental district banquet in Royersford last night for meritorious service to boyhood in the Pottstown area.

Two men were doubly honored. They are F. Gene Shellenberger, a neighborhood commissioner in Pottstown, and James L. Undercoffer, cubmaster of Emmanuel Lutheran Cub pack 53.

A middle-aged man who was driving his car west on Route 422 near Limerick apparently felt a heart attack coming. He pulled his car onto an open spot at the side of the road, stopped the vehicle, pulled on the emergency brake and died.

He was Francis S. Cressman, 54, Reiffton, near Reading. His body was found in the auto a mile west of Limerick at 3 o'clock yesterday morning by a brother-in-law, Clair Hornberger, Mohnton, one of a group of friends and relatives who had been searching for him.

Cressman had been visiting relatives in Danboro, Bucks county. He left Wednesday afternoon at 3 o'clock. When he didn't arrive at his Reiffton home, relatives notified Jeffersonville State police.

Troopers Harry Nyman and Joseph Kane were called to the scene by Hornberger. They summoned Dr. LaVerne Junker, Limerick physician, who pronounced Cressman dead of a heart attack. Police notified Montgomery County Coroner W. J. Roshong. He released the body to a funeral home in Shillington.

George Fisher Taken From Home to Hospital

George W. "Happy" Fisher, 441 North York street, treasurer of the Cole Tobacco company, who was stricken with a heart attack Nov. 6, was removed from his home to the Memorial hospital.

Members of the 72-year-old man's family said the reason he was taken to the hospital was because he was "not improving" at home. Hospital authorities, however, reported Fisher in "satisfactory condition" and "resting comfortably."

Royersford Board Wants Small Jointure President Asserts

Royersford School board President Paul Krasley surprised a majority of school directors at a meeting to discuss a possible 13-board jointure last night by announcing his board favored a "small jointure."

After announcing Royersford wished to form a jointure with Limerick and Spring City, Krasley was asked if he meant such a jointure would be a nucleus for an eventually larger jointure.

When he replied that he could not answer the question, he was asked if his announcement meant the remaining boards would be excluded from the jointure.

His reply was the same. He did not explain why he could not answer the questions.

THE FOUR other members of his board present at the meeting, the third for most of the boards, in Royersford High school later signified individually their approval of a small jointure instead of a larger, which nine of the 13 boards originally had set out to consider two months ago.

Royersford Director Donald Mayer said he was not in favor of the large jointure because it did not include Spring City, Royersford's neighbor across the Schuylkill river.

He said the reason for Royersford's approval of the small jointure is that "somebody had to make a move and we did it." He added that Royersford has the "problem of an elementary school" and wants to know soon whether a large or small building is needed.

A large building will be necessary if the larger jointure is the final decision of the board. If the small jointure is chosen, a smaller elementary school will be needed.

Mayer said that as far as he is concerned the proposed small jointure is a nucleus for a larger consolidation.

ROYERSFORD AND SPRING CITY's boards met at an informal dinner in Lakeside inn, Limerick, the past Friday to discuss the small jointure.

Krasley said last night "that transportation and housing facility problems" of the small jointure "have not been fully explored."

Krasley also said there "is a possibility of either all or part of (Continued on Page Twenty-three)

PHILADELPHIAN BUYS BENTZ DRUG STORE

Transfer of Ownership
Effective Tomorrow;
Name to Remain

SECOND HIGH STREET FIRM
TO BE SOLD RECENTLY

The second selling of a well-known, long-established High street business to be announced in the past two weeks was disclosed yesterday.

Harold R. Dietrich, owner of Bentz Drug store, on the northwest corner of High and Hanover streets, reported yesterday that he has sold the business to Harry J. Black, Philadelphia, owner of Arrow Drug company.

The transfer of ownership will become effective tomorrow. The name of the store will be unchanged, Dietrich said, and the staff will remain. His brother, Arthur Dietrich, is manager.

By coincidence, Black is the man who in 1938 bought out the drugstore in downtown Reading owned by Dietrich's father, Howard A. Dietrich.

Arrow Drug company has stores in Philadelphia and Lancaster as well as Reading.

BENTZ DRUG STORE has been at the High and Hanover streets location for nearly a half-century. Founder of the business was Charles S. Bentz, 1033 High street. Dietrich bought it from him on July 14, 1941.

The first long-established High street business to change hands recently was Mosheim Clothing company, incorporated, 207 High street. Its sale to Harold A. Bolen, trading as Bolen and company, Philadelphia, was announced the past Oct. 29.

The drugstore is in the Kulp building, which oldtimers said yesterday was built about 1880. The store originally was a general store operated by the John C. Smith estate. The big, four-story, red-brick (Continued on Page Twelve)

Committee Leader Outlines Operation Of 3 Speed Traps

Earl R. Strange, chairman of borough council's police committee, outlined last night the operation of the three speed traps to be set up soon to decrease the number of auto fatalities.

The traps, to be manned by teams of three policemen, two afoot and the other in a police car, will be located on West and East High and North Charlotte streets.

Strange said Police Chief James A. Laughed has ordered two stopwatches and a two-way communication set. Similar equipment was inspected in Reading this week by a member of the Pottstown police department at Laughed's behest, the committee chairman said.

He explained that two patrolmen, each equipped with a stopwatch and half of the communication set, will stand an eighth of a mile apart.

WHEN ONE MAN spots a speeder approaching him, he will signal the second man, who will record the time the speeder requires to reach him from the first officer.

Quick computation will tell the officers whether the driver was exceeding the speed limit for the zone in which the police are operating.

3 Reading Men Freed of Contempt Citations In Constitutionality Test

WASHINGTON, Nov. 13 (AP)—Four men, one from Baltimore and three from Reading, were freed of contempt charges today.

Julius "Blinky" Fink of Baltimore was acquitted by US district judge James R. Kirkland after a trial which was devoted almost exclusively to legal arguments on Fink's constitutional rights.

Immediately afterward, assistant US District Attorney William Hitz moved that indictments be dismissed against Abraham and Isadore Mink, Reading brothers, and Alex Fudeman, their nephew. Hitz told the court that in view of Kirkland's decision in the Fink case and earlier decisions in other

contempt of Congress cases the Government considered it pointless to go ahead with the Mink and Fudeman trials.

Hitz said that the Minkers and Fudeman, like Fink, had pleaded possible self incrimination in declining to answer questions of the now defunct Senate crime investigating committee in 1951. Kirkland then granted Hitz' motion to dismiss the indictments.

Fink was questioned in connection with the committee's investigation of gambling in Baltimore and a number of Maryland counties. The others were questioned con- (Continued on Page Twelve)

Christmas Parcels to Go Overseas Should Be in Mails by Tomorrow

Pottstown area residents who want their husbands, sons or friends overseas in the armed forces to get their Christmas packages by Dec. 25 should mail them by tomorrow.

J. Alfred Marquet, Pottstown postmaster, said yesterday the postal department could not assure that gifts mailed overseas after tomorrow would be delivered by Christmas.

The exception is air parcel post, which should be mailed not later than Nov. 25. Marquet recommended use of air mail but warned that two pounds is the limit for overseas air parcels.

Other pointers from the postmaster were:

Put the sender's name and address inside all packages.

USE STRONG CORD and corrugated cartons. Don't mail perishable items. For one thing, they'll perish. For another thing, military personnel generally are well-supplied with food.

Be sure the address is easy to read and includes the serviceman's full name, serial number, service organization and correct APO number.

The people never give up their liberties, but under some delusion.—Edmund Burke.

Firemen Need Help
POTTSTOWN'S volunteer fire companies aren't rolling in wealth. In fact, they're hard put to meet expenses.
Time was, in the wartime, easy-money period, when the Pottstown fire companies found their treasuries lined with gold. Those free-and-easy days are now gone forever. Today, with things much tighter, they're finding it tough to make ends meet.

The result is that Pottstown's volunteers require larger borough appropriations. They deserve them. They're performing invaluable service for the community at a ridiculously low cost. If Pottstown expects the same efficient fire protection, it should be willing to contribute more to the upkeep of the companies.

At the present time, Pottstown's three companies share borough appropriations of something like \$25,500 a year. That's \$8500 each.
It costs each company something like \$28,000 to \$29,000 a year to maintain their outfits. This includes paying around-the-clock paid drivers, upkeep and overhead. Expenses are going up annually.

The companies plan to ask borough council for \$16,000 each. They are willing to make up the difference. They figure they can earn enough on their social activities to keep out of the red.

Pottstown's fire companies long ago spoiled this community insofar as public support was concerned. The companies bought their own equipment, paid their own expenses, and were willing to accept a nominal contribution from the borough government.
The appropriation in the borough budget might have looked big to some taxpayers. It was set at \$45,000. But that was as phony as a politician's promise.

One of the jokes in this budget allowance was rental of fire plugs. Believe it or not, but the fire companies' appropriation was robbed of this sum. Out of the \$45,000 was paid \$25 a year rental on every fire plug—and there are 300 of them. That amounts to \$7500 a year.

The reason? Probably a hangover from the time when the water company was privately owned. Today Pottstown owns its own water company. So this payment of fire plug rental is merely taking money out of one of the borough's pockets and putting it in another one!

Such ternaing doesn't help the fire companies.
Neither does robbing the fund to pay for borough electricians' salaries, especially since the electrician crew spends 85 percent of its time fixing police jobs or taking care of the parking meters!

Pottstown's volunteer firemen deserve a little more consideration, for they not only have been donating their services in fighting fires, but they've been paying for this "privilege."

The companies haven't been unreasonable. They haven't asked the municipality to buy \$25,000 pieces of fire-fighting equipment. Neither have they told the borough to pay all drivers' expenses. They've borne more than their share.
Borough council's fire committee shouldn't base claims for a higher appropriation on a sympathetic plea that the firemen are broke. They ought to increase the budget because raising of funds for fire-fighting is a public obligation.

An Apology Withdrawn
COME day very soon we must arrange a bit of a talk with old Aeolus, the controller of the winds.
Perhaps we should even get a Greek friend of ours who knows about these things to spill a little ram's blood.

In this case, we are not above appeasement. After all, Aeolus is not a Russian.
Quite unknowingly and certainly unintentionally, we seem to have offended him. And he is not one to take a slight in stride.
He never took up that latter-day idea of turning the other cheek. And so he is making trouble for us.

He is blowing all the leaves in the neighborhood onto our lawn.
He has assigned enough of his little squalls to our yard to make raking quite impossible.

Even if we could keep enough leaves together long enough to start a fire, we would not dare strike the match for fear that the old boy would immediately spread the flames to the fence.

No, we must find out what we said or did to offend him and assure him that we did not mean it. We must make it up to him.

Dear Sir 'n Brother:
Wal, I see by the papers where a new chrysanthemum has been named after President-elect Eisenhower.
Very fitting, since Ike was elected during the football season!
Comic strips were invented in the 13th century, says an art critic. That puts "Pow!", "Bang!", and "Zowie!" among our earliest words!
And say: Star gazers say the moon is 30 degrees colder than the earth. That ought to put the chill on would-be space travelers!

Borough Engineer Department Backed

Wants Borough Engineer
To the Editor: I hope council goes through with its plan to set up an engineering department.
It's not true, as some councilmen claimed, that such a department would just mean more men.
If these councilmen can tell me what sense there is in paying a part-time engineer thousands and thousands of dollars in fees every year, when for the same money, or less, we could have a full-time man, I'd like to hear their explanation.

This doesn't mean that the man working on a fee basis isn't honest or is overcharging the borough.
But it's obvious that he's going to charge more in the long run than the man who would be employed full-time as borough engineer.

Mixed Feelings
To the Editor: The senior and junior high school bands blared forth their marching rhythms, and the drum majorettes and cheer leaders, with leggy prancing strutted in time.
It was the Armistice Day parade and the destination was the Memorial

at the post office. The weather was co-operatively warm in the sun, but in the shade it was cold.
After a suitable display of dignitaries, colors, loud beats, and sturdy limbs the destination was attained.
A sparse crowd gathered around the bands, and the officials circled the microphone. Solemn words were read with fumbling dignity. It was finally time for the guest speaker.
He was a junior high school student, tall, straight of shoulders, and clear eyed.

With firm voice and bold, youthful confidence he launched his speech from memory. Unflatteringly the theme was expressed, expanded, and concluded. It was a successful speech, delivered with able facility.
The lad's mother sparked with his accomplishment. As the gathering dispersed, the dignitaries congratulated her for bringing up such a fine boy. Yes, she was standing in the sun and her pride reflected and added to its warmth.

In the cold shade, with a friend's arm, comfortably across her shoulders, a Gold Star Mother wept.

Liked Window Painting
To the Editor: I thought the window-painting contest sponsored by the Optimist club was an ingenious way to keep the children of the borough out of mischief this year and I'm glad to hear that the contest will be held annually.
But in addition to the fact that the contest kept many children out of mischief, I think it added a holiday atmosphere to the business district.
There were probably more children who wanted to take part in the contest and with all the windows on High Street I can't see why they couldn't be satisfied.

The work of the children draws the attention of everyone and serves the purpose of advertising the merchants' wares better than any elaborate window display.
Possibly many more merchants will realize this next year and donate space before the contest begins and children can be assigned.

They will be doing themselves and the community a service.

New President to Inherit 'Untouchable' US Justices

By RAY TUCKER
WASHINGTON, Nov. 13.—Dwight D. Eisenhower will inherit such a youthful and healthy Supreme Court that he will not be able to appoint a majority of the nine members of the highest judicial tribunal, even if he serves eight years in the White House.

It is this body, in the belief of Franklin D. Roosevelt and Harry S. Truman, which would preserve New Deal-Fair Deal reforms, social and economic, even under the impact of a Republican President and Congress.

This reliance on judicial backstopping for a long period was responsible for F. D. R.'s court-packing attempt, and for Truman's selection of Senate and political cronies when vacancies occurred.

SUPREME COURT SETUP: Justice Felix Frankfurter will be 70 years old tomorrow, which is the age when members may retire at full salary, if they have also had ten years on the Federal bench. Although eligible to quit on both counts, the former Harvard professor and sponsor of so many "hot dogs" in key government posts tells friends that he is "too frisky" even to think of retirement.

Justices Reed and Black are 68 and 67, respectively, and Eisenhower conceivably might be called upon to replace them. They have shown no sign of stepping down, however, although Reed's resignation is a possibility. Chief Justice Vinson is only 63, and he has at least seven more years to wear a black robe, barring death.

The remaining five are comparative youngsters—Jackson, Burton, Minton, Douglas and Clark. All except Jackson and Douglas are Truman appointees, as is Chief Justice Vinson.

Thus the first Republican Chief Executive in 20 years will be confronted by an untouchable court built by two of the most partisan and headstrong Presidents in our history. The only GOP'er on the bench is Justice Burton of Ohio.

INFLUENCED BY TRENDS OF OPINION: Several recent decisions as well as the historical development of the nation's court of last resort, suggest that the present membership will not be hostile to possible shifts in executive policy and direction under an Eisenhower Administration.

The honorable jurists are not entirely immune to the trends of public and political opinion. As Minister Doolley once said, they "follow the election returns."

The eminent Charles Evans Hughes, in a desperate move to save the court from Rooseveltian encroachment, persuaded his conservative colleagues to approve several major New Deal measures. His action probably influenced the Senate to reject F.D.R.'s plan for enlarging the court and curtailing its authority. Then he induced several ultra-conservatives to resign.

PACKED COURT: Similarly, in view of the Nov. 4 repudiation of the more extravagant Truman doctrines, it is expected that the majority will reflect the decision at the ballot-box.

Pending before the tribunal now, or en route to final judgment on appeal, are cases involving school segregation, oil tideland jurisdiction, anti-trust disputes and interior's claim to a virtual monopoly on water power and other national resources.

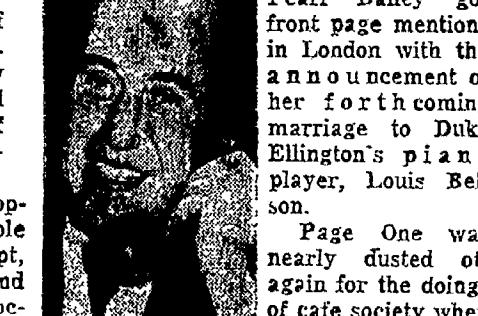

The ruling in the steel seizure controversy illustrates dramatically how Presidential schemes to pack the Supreme Court come to naught. In this 5-3, anti-Truman verdict, such supposed conservatives as Vinson and Reed approved this use of so-called "inherent powers of the President," to the amazement of court attaches and the Federal bar.

On the other hand, such an erstwhile liberal as Justice Black wrote the majority decision.

The Worry Clinic

By DR. GEORGE W. CRANE
J.L.A. No. 26, is an attractive stenographer.
"Dr. Crane, my parents were poor but honest folks," she told me. "They had very high ideals and sacrificed so I might get a college education."
"Now I have a fine position as private secretary. I'd like to make life easier for them. But they prefer to live simply and save their money."
"Even when I give them a birthday or Christmas gift, they thank me but say I shouldn't have spent the money."
"And if I give Mother anything that I can wear, she will make me take it back for my own use."
"Dr. Crane, what kind of a gift would you recommend for older people, such as our parents and grandparents?"
It is typical of human beings to grow more frugal as they advance in years.
Even a spendthrift or Prodigal Son at the age of 25 may become a penny pincher in his old age, for this is the natural trend.

FOR AS WE grow more decrepit and dependent, we like to hang on to our money, since it symbolizes power and independence.
This doesn't mean that elderly folks are penurious. They will gladly spend money for their children or grandchildren. Indeed, their very saving is partly to leave a small inheritance to their loved ones.

But elderly people are usually too stingy with themselves! They hesitate to spend hard earned money for their own welfare.
For example, they try to make an old, outmoded pair of spectacles last them till their death.

Meanwhile, they strain to read the newspaper or finally give up after skimming the headlines, which are in large type.
"They may have difficulty in recognizing people, including their own relatives."
They cannot fully enjoy the beautiful colors of Spring and Autumn. They may stumble and fall because of the defective vision.

DESPITE THE fact that they are not paupers and may even have a tidy sum in the bank, they feel it would be wasteful to squander money on a new, scientifically fitted set of eye glasses.

In similar vein, they will seldom invest in an ear phone, even when they cannot enjoy the radio and TV or keep in contact with their friends by way of ordinary conversation.

Health Comes First... Nailed to the Cross!

★ IT'S ONLY MONEY—Harold Dietrich, who sold his drug store interests at High and Hanover streets yesterday, said he lost \$20,000 on the deal. "But it's only money," he said philosophically. "It was either get out of the business or die. Who knows what it's worth to live?" Dietrich's heart was acting up. His medicos warned him to take it easy. That was the reason for his retirement... School children and adult friends too in the North Coventry area, might want to send cheer-up cards to their Second grade teacher, Mrs. Mildred Kniffen, 266 Lee avenue, who underwent an operation in the Memorial hospital yesterday morning. Mrs. Kniffen taught in the North Coventry elementary building. She has obtained a two-month leave of absence to recuperate.

ACCLAIM—There was a steady stream to the counter of Miss Cora Metz in the Ellis Mills store after her story of 50 years service appeared in The Mercury. Customers she served during her 50 years made special trips to the store to add their congratulations. One Birdsboro woman, whom Miss Metz had waited on for many years, was so thrilled that she came behind the counter to hug and kiss the Ellis Mills employee. Cora's one of a threesome of famous Metz sisters. Nellie M., 311 Chestnut street, is a retired Pottstown public school teacher. Mary H., 238 Walnut street, also taught school for many years, now is parish secretary for the Emmanuel Lutheran church.

★ NO TALL TALES—Employees of C. H. Zern, Gilbertsville, take no chances on having their hunting exploits exaggerated or minimized! They take an affidavit as to what they did! Headed "Truth is Stranger than Fiction," the report is made, according to a notarized statement: "Because of experience of previous years it was deemed necessary to record each man's report to avoid corrections caused by change of heart or mind." Then an accounting like this added:

Hunter	Address	Birds	Rabbits
Charles Miller, Bechtelsville	0	2	
Lawrence Sands, Boyertown	0	2	
Harold Zern, Gilbertsville	0	1	
Wilmer Yergler, Alburtis	1	4	
Kenneth Gangler, Gilbertsville	1	2

Curis Moyer, Boyertown	0	2	
Ralph Hartline, Boyertown	1	0	
Paul Stauffer, Bally	Still Missing		
Titus Reigner, Bechtelsville	1	2	
Hartline was reported to have shot one squirrel. No report was given for C. H. Zern, because he was hunting in Eustis, Me., and unaware the local season had opened. The affidavit said Earl Zern couldn't shoot "because unknown individuals sawed his gun in half!"			

BARBER AND BOWMAN—How to have pleasant dinner without having to chew on buried shotgun pellets was demonstrated by John Studley, 517 North Franklin street, a barber at Frank Becker's shop, 143 King street. Studley shot a pheasant at about 15 yards Wednesday, using a bow and arrow. A member of the fast-growing Perkiomen Valley Bowmen, he got the bird at the end of a day's hunting that had seen him shoot a half-dozen other arrows at small targets without hitting anything. He used a bow with a 40-pound pull. He was hunting in fields south of Boyertown near Route 100.

★ CLOSE—As early as August 19, a remarkable forecast on the presidential election in Montgomery county was made by the editor of The Mercury. The Associated Press staged a poll, asked its members for county predictions, with percentages. The Mercury predicted Eisenhower would gain 62 percent of the Montgomery county votes, Stevenson, 38 percent. Unofficial tallies gave Eisenhower 114,699 votes here; Stevenson, 57,371. That'd made Eisenhower's percentage 66... YOUR HEALTH
By HERMAN N. RUNDEN, M. D.
WHEN we read in the paper that an accident victim died suddenly from shock, we must remember that there are two different types of shock. One type is known as primary shock, and the other as surgical shock.

Primary shock is a temporary condition from which a person usually recovers promptly after a short fainting spell. This condition is due, among other things, to a sudden, extreme emotional upset, as in profound fear, severe pain, intensely disagreeable sights, or tragic news. Rest and stimulants are helpful in the treatment.

The second type, known as surgical shock, is usually much more severe, and if not treated promptly and vigorously, can result in death.

The person in surgical shock is prostrate, his face is white, and his body has a cold, moist appearance. His eyes are sunken, his blood pressure is low, the pulse feels shallow, and the arms and legs are cold and clammy.

The person may stay in a state of shock for hours or days. The longer in shock, the harder it is to recover.

There are many causes for this type of shock. It may follow severe operations, injuries, bad fractures or burns, broken bones, crushing wounds of the abdomen or chest, or severe hemorrhage.

Usually the shock victim has a considerable loss of blood due to the injury or operation. Frequently shock brings about a kidney failure which may last for weeks, even after recovery from the shock.

India Is Accused
By South Africa of
Inciting Disobedience

UNITED NATIONS, N.Y., Nov. 13 (AP)—South Africa angrily accused India today of using the United Nations as a platform for speeches to incite civil disobedience in South Africa.

G. P. Jooste told the UN assembly that Mrs. Vijaya Lakshmi Pandit of India two days ago "went so far as to state in the most unmistakable terms that those who are deliberately breaking the laws of my country have the blessing of India."

India is among 18 nations which asked the special Political committee earlier today to set up a UN commission to look into South Africa's White supremacy policies.

Jooste, who declared the issue was exclusively an internal one and outside the competence of the UN, said Mrs. Pandit "sought to exploit certain events in South Africa," an apparent reference to recent bloody clashes there.

Jooste termed them "events which might never have occurred had it not been for the sustained intervention in our affairs by her own government."

JOOSTE SAID India had supported a UN resolution of 1950 declaring "any aggression, whether committed openly, or by fomenting civil strife in the interest of a foreign power, or otherwise, is the gravest of all crimes against peace and security throughout the world."

He asked how India could reconcile that stand "with her present action of inciting civil disobedience in my country."

Ahmed S. Bokhari of Pakistan told the special Political committee the situation in South Africa was a "stinking mess" and a commission should investigate it.

He said revolutions were going on in Africa, from Tunisia and Morocco on the Mediterranean down through the continent to South Africa.

Program of Music
And Banquet Held in
Honor of Rev. Butler

More than 80 members of Second Baptist church held a banquet and musical program in honor of the 14th anniversary of the Rev. H. L. Butler's pastorate at the church.

The pastor's wife, Mrs. Mary Butler, was presented with a corsage of chrysanthemums and a huge white-and-orange cake. The Rev. Butler was presented with several financial gifts.

In his speech of thanks, the Rev. Butler said the tribute "encourages me to go on and do a greater work for the Master." He emphasized the sacrifices made by his wife to permit him to have accepted the church's call at a time when the pastor's salary was \$12 a week.

Mrs. Butler said, "You people of Pottstown have done so many wonderful things for us during these 14 years. I just can't find words to express my appreciation to you all, but I want you to know that I am grateful to you all for everything you have done."

AMONG THOSE PARTICIPATING in the program were the trio of Berwindale Glenn, piano; Arsonia Glenn, violin, and Melvinia Glenn, voice; a small chorus led by Mrs. Elizabeth Massey; the Central Jubilee quartet.

Also, a trombone solo by Richard E. Grey; a reading by Mrs. Barbara Townsend, and brief tributes by the Rev. E. N. Martin, pastor of Bethel AME church; the Rev. Wallace Reesezell and Jesse Hurt, deacon.

Tyrol Villagers Dig
Out of Avalanche

VIENNA, Austria, Nov. 13 (AP)—Inhabitants of the village of Ginzling tonight were reported rigging a tunnel through avalanches of snow that cut them off from the world two days ago and left them without bread.

A 14-man rescue team saved four persons trapped two days in a hut 4800 feet up on Zamsersloch mountain in the western Tyrol.

Sudden cold weather cut down the number of out-of-season avulsches which have taken at least two, possibly three, lives in Austria during the past few days.

New Sleeping Pill Has
Built-in Alarm Feature

LOS ANGELES, Nov. 13 (AP)—A new sleeping pill with an alarm clock effect is on the market, but obtainable only on a doctor's prescription.

It was part of a display at a medical meeting yesterday.

The literature described an outer sugar-coated layer as being composed of pentobarbital sodium, which induces sleep; a middle layer of butabarbital sodium, which maintains sleep, and an inner core of desoxyephedrine hydrochloride which rings a bell in the brain, so to speak, and wakes you up after about eight hours.

Red Tide Believed
To Be Death Cause of
Fish in Gulf of Mexico

ST. MYERS, Fla., Nov. 13 (AP)—A US seafire expert flew over the fish-littered waters of this area today and said the cause apparently was the same red tide which killed millions of fish in 1947.

"My observation from the air indicates that the dead fish have been killed in the same manner that they were killed in 1947-48," John F. Howell, biologist of the US Fish and Wildlife Service, said.

Howell planned to go out in a Coast Guard boat Friday to pick up samples and make a chemical analysis to confirm his first impression.

Howell flew in from Galveston when the appearance of masses of dead fish in the Gulf of Mexico off the southwest coast of Florida stirred fear that the deadly red tide was back.

THE LABORATORY SHIP Alaska with eight other marine life experts and full research equipment left Galveston today. It was expected Saturday in Sarasota.

Ed Hensley, St. Petersburg Independent photographer who flew with Howell, said the dead fish extended in patches from Boca Grande south to a point about 20 miles of Naples, a distance of some 40 miles. They floated on the surface in untold thousands, though not in one continuous mass.

A northeast wind is keeping most of the fish from coming ashore, Hensley reported.

All reports so far show a great likeness to condition accompanying the mysterious red tide, which got its name from the patches of reddish-brown water wherever groups of dead fish were found.

The same rusty patches are noticeable this year. So are the suddenness with which death strikes and the great areas covered.

Scientists say the red tide is millions of tiny marine organisms, known as dinoflagellates. Some believe these organisms clog the gills and strangle the fish. Others think the dinoflagellates throw off a poison which kills fish.

Armistice Day Program Is Held; Homage Paid to World War I Dead

By VIRGINIA MESSER

On Tuesday a school-wide Armistice Day program was held in our school auditorium.

Homage to the dead of World War I was paid with one minute of silence.

The program began with a prayer given by Barbara Geiser.

Next, Grades one to six sang the first stanza of The Star-Spangled Banner, accompanied on the piano by Mrs. George Hughes, our Third and Fourth grade teacher.

Robert Fern played "Diane" and "Anchors Away" on his accordion. Jean Honafius recited "October Party." "Significance

Thanksgiving Scenes Drawn by Children; TV Program Slated

By BARBARA GEISER

The children of the Fifth and Sixth grade drew some pretty Thanksgiving scenes.

Today the Sixth grade expects to watch a television program about South America.

Several children of the Fifth and Sixth grade visited interesting places over the weekend. Arlene Austin went to Spring City. Donald Miller went to Kutztown. Kenneth Stroop went to Limerick. Larry Gerhart went to Norristown. Barry Rhoads visited a museum in Valley Forge. Virginia Messer went to Reading.

Robert Fern had a birthday on Nov. 13. He was 11 years old. Phyllis Smith was also 11 years old on Nov. 13. Dorothy Clemmer will be 12 years old Nov. 18.

Raymond Yost brought a turtle to school for the boys and girls to look at.

The Fifth grade welcomes Stella Cotton back after a week-long illness.

2 New Books Received By First Grade Class

By BERNETTA MEST

Ruth Breithschwerdt of Mrs. Warner's room, visited her grandparents. Dianne Heebner visited her grandmother.

Shirley Baker went to the mountains. Carole Ann Dunlap went skating. Linda Hell went to visit her aunt and grandmother. Sonny Makarevitz went to visit her grandmother.

The First grade just received two new books, "Guess Who," and "Dick and Jane."

Maps Are Drawn Of South America By Sixth Grade Class

By BARRY RHODES

In Mr. Ferdinand's Sixth grade class in Social Studies, we have drawn maps of South America. We have colored every country a different color. We also have written in the names of each country and their capitals.

They are colorful and serve as the front cover of our booklets. On outline maps of South America we have written in the chief products of Argentina and Brazil. As we study a country we write in the chief products of that country on the outline maps.

In the back of our room we have a circular ring made out of oak tag, with the letters South America placed around it.

LARRY GERHART has cut out the countries of Brazil, Argentina, and Chile from oak tag. After coloring them and placing in the capitals and the names of the countries, we have attached them to the large circular ring.

On these cut-out maps we are placing the chief products of the various countries studied so far. Richard Rhoads has drawn the flags of Argentina, Brazil and Chile and we have placed them above these countries.

Our principal also has received some booklets and maps from the Dairy council of Philadelphia.

From the Montgomery county free bookmobile library we have received a number of books about South America.

Armistice Day Is Topic In Mrs. Warner's Room

VIRGINIA MESSER

In Mrs. Warner's room, both grades studied the meaning of Armistice Day.

The First graders also were interested in that day because it was the first day of hunting season and 15 fathers and eight big brothers went hunting. The day after they enjoyed telling about the rabbits, squirrels, and pheasants which they will eat.

Pistol-Packing Pole Told to Get Permit

UNITED NATIONS, N. Y., Nov. 13 (AP)—Poland's pistol-packing Foreign Minister, Stanislaw Skrzyszewski, still doesn't have a permit for that gun a hotel maid found under his pillow three weeks ago.

Although the Polish diplomat has diplomatic immunity, the State department advised the UN this did not extend to gun-toting and he would have to have a permit.

A responsible UN official said today Skrzyszewski had refused to be fingerprinted or photographed as required by New York city police regulations and therefore the permit has not been issued.

He said the UN was reluctant to put pressure on the Pole because of his high rank and because of fears of public and governmental reaction in Poland. The UN hopes to keep the situation quiet until the present Assembly ends about Christmas time when Skrzyszewski is expected to go home.

This official said the UN had obtained gun permits for "about a dozen" permanent delegates here including two recently. He said he preferred not to make the names public.

Scout Leaders Honored for Service

(Continued From Page One)

ceived the Scouters' Award for exceptional service to the cause of Cub Scouting. They were:

Mrs. Harry Shellenberger and Mrs. Vincent Grimm, den mothers of First Methodist pack 62; Mrs. Donald M. Kastle, Gilbertville Sunday school pack 68; and Mrs. Samuel H. Kuser, Linfield Reformed pack 252.

The awards were presented by Frederic W. Calen, retiring chairman of the training committee.

In his introductory talk before making the awards, Calen compared the scouting program with a manufacturing plant that turns out good products.

"Often in my thoughts I see the scouting program as a 'good citizenship manufacturing company' he said.

"The raw material is boys, and the finished product is citizens we look upon with pride, for they are the fine product the Scout leaders fashion with the tools of Scouting."

"It takes eight or nine years to turn out our product," the training chairman went on, "and in that time the material—boys little enough to pat on the head when they start, some of them—goes through the various departments of our Continental division of the Good citizenship company."

"FIRST WE have the Cub department for boys over 12, then the Explorer department for those over 18.

"The Explorer department might be called the 'finishing department,'" Calen explained, "because it turns out citizens who are ready and eager to take their places in community life."

"But many don't want to give up Scouting when they grow up. They become neighborhood commissioners, troop committeemen, scoutmasters, cubmasters and explorer advisors. These men feel a responsibility to pass on the benefits they have received in Scouting to others."

Guest speaker at the banquet, who spoke after the award ceremonies took place, was the Rev. Dr. William F. Dunkle Jr., Wilmington, Del., a member of the National Boy Scout Council.

Dr. Dunkle, who is pastor of Grace Church, Wilmington, a holder of five academic degrees and a world traveler, used as his theme "tying things together."

HE REFERRED to the knot at the bottom of the First Class Scout badge, which is a symbol of the unity existing between different faiths and races through the medium of Scouting.

The visiting speaker asserted that such unity must come about in all areas of life if the world is to have progress.

Labor strife here at home and religious strife in Near East are examples of situations that need to be settled by co-operation in the same spirit that underlies scouting, he said.

At a short business meeting before the program, the nominating committee announced the slate of district committee officers, which consisted of the incumbent committee members. Oliver J. Christman, chairman of the nomination committee, asked for other nominations. There were no others, and the district committee was retained for another year.

Frederick J. Schlick, assistant scoutmaster of troop 1, Schwenksville, led the 240 Scouters who attended the banquet in a spirited song session during the program.

DISTRICT CHAIRMAN Robert C. Yoder had charge of greetings and introductions. The guest speaker was introduced by Ralph

H. Spare Jr., member of the program committee.

The "voice of scouting" during the Order of Merit ceremony was Albert W. Kopenhaver. Leroy R. Moyer was chairman for the three highest awards.

Richard D. Dutcher, district scout executive, announced that the Scouting Fair will be held at Devon in October, 1953, and that the National Jamboree will take place at Santa Ana, Calif. in January, 1953.

The report of the extension committee revealed that the membership in the Continental district is now 18,000, including Scouts, Cubs, Scouters and Explorers.

New Hanover Lutheran troop 1 led the opening ceremony last night. The invocation was by the Rev. Paul J. Henry, pastor of Grace Lutheran, Royersford, and the Scoutmaster's benediction was given by Organization Chairman Waverly Klehl.

Committees for the meeting, members of which were introduced during the evening, were:

Nominations: Oliver L. Christman, chairman; James J. Moore, W. S. Young, the Rev. Delaine E. Story and Calen.

Program: Raymond Yocom, chairman; Wilmer Hollowbush, Ralph H. Spare Jr., Gene Shellenberger, Fred Schlick and Harold Baumann.

Arrangements: George Rimby, chairman; Everett Leighton and Evan Kline.

Attendance: S. Louis Cornish, chairman; Paul Cocconaver, Orlo Jant, Charles Pellandino, A. W. Kopenhaver, Kenneth Smith and Daniel Bowers.

cerning a similar investigation of gambling in Reading and Berks county.

JUDGE KIRKLAND made an informal talk at the conclusion of the proceedings. He said he had conducted extensive research on the problem of Congressional committees trying to obtain information from persons who did not wish to disclose what information they had.

He said it is "strictly a problem for Congress to decide" on how to require a witness to testify, and yet not do away with the Constitutional safeguard that says a person cannot be forced to be a witness against himself.

As it is Kirkland said, "the courts are in a difficult position."

The judiciary committees of the House and Senate have been considering this problem for some time because in an overwhelming majority of cases defendants have been acquitted of contempt of Congress charges when they refused to answer questions on grounds of possible self incrimination.

It was on this over-all Constitutional question that Government and defense attorneys devoted their attention in the Fink trial. Judge Kirkland also raised a number of questions himself.

WHEN THE ARGUMENTS were concluded Kirkland held that one question pertaining to Fink's early schooling was not pertinent and that in three other instances—pertaining to Fink's business and any knowledge he might have had on interstate crime—Fink was within his constitutional rights in refusing to answer.

The questions which the Minkers and Fudemans refused to answer were of a similar nature.

Optimists' Wives Get Dinner Treat; Dance Is for 'Teen Group'

Pottstown Optimist club was host to the wives of its members at the organization's dinner meeting last night and later to the borough's 'teen-agers' at a dance in the Pottstown Armory.

At dinner at the Clover Leaf restaurant, 49 Optimists and wives were present for ladies' night. After the meeting adjourned, the men and women retired to the Armory where they watched the capers of the 'teen-agers' who danced to Bill Deegan's 14-piece orchestra.

T. F. Loughney, lieutenant governor of the Optimist second district and immediate past president of the Upper Darby Optimist club, was the speaker at the first half of last night's festivities.

The guest speaker told the borough club of the endeavors of the Upper Darby organization in promoting community projects. One of the most commendable works of his club, Loughney stated, was its "polio pool."

THE UPPER Darby Optimists wage drives each year for funds to maintain a clinic for treatment of polio cases in its community. Funds are collected by donations and by special projects of the club, he said.

An annual play is the principal means of raising money, Loughney reported. The early Optimist membership performs in the play which usually has to be run more than one night to accommodate all the persons who by advance tickets, according to the Upper Darby Optimist.

This morning at an assembly in the Pottstown Junior High school, winners of the window painting contest sponsored by the Pottstown Optimist will be named and presented with their awards. Optimists who will be on hand to make the awards to the winners will be LeRoy Keyser, president, and Stanley Jones and Elwood Angstadt, co-chairmen of the contest.

Hunting Season May Be Extended

HARRISBURG, Nov. 13 (AP)—The Justice department today gave the State Game commission the go-ahead signal to take action on extending the small game season.

Thomas D. Frye, executive director of the commission, said the department ruled that the commission was within legal bounds if it wanted to push the hunting deadline beyond Nov. 29.

An attempt is being made, he said, to convene the commission here tomorrow to reach that decision.

Opening of the small game season was delayed for most of the State from Nov. 1 to Nov. 31 because of a forest fire threat.

building now is owned by the Kulp estate.

Dietrich said yesterday, "The only reason I'm getting out is due to health." He has a chronic heart condition that has caused several attacks.

Of his future plans, he said, "I'm going to relax. This will be the first time off I've had since the Chicago Fair (18 years ago). That was the first vacation I'd had in 12 years; and the last one I've had since, unless you count the two weeks I spent in bed October 2 year ago." A heart attack made him bedfast then.

DIETRICH HAS BEEN in the drug store business 30 years, entering his father's business in Reading shortly after he was graduated from Philadelphia College of Pharmacy and Science.

During much of that time, he was working 16 hours a day, seven days a week.

Dietrich said Black has been trying to buy the business for several years. He said Black plans to expand the business and to put in a full line of cosmetics and perfumes. Otherwise, the store will remain basically the same, Dietrich said. It will continue to emphasize prescriptions.

Dietrich's plans for relaxing include putting around on his 30-acre farm along Route 422 in Douglassville, where he has two greenhouses and a nursery. He came here from Reading, where his brother and the store's

pharmacist, Ellsworth Lynn, a doctor of pharmacy, still live.

The store owner was one of the founders of Pottstown Optimist club.

The Bentz Drug store is approximately 125 by 22 feet and includes a fountain business which Dietrich has leased in recent years. The fountain business is included in the transaction, which Dietrich negotiated himself.

Meaning of Rotary Services Stressed

The meaning of Rotary and the services it should perform were stressed to members of the Pottstown Rotary club last night.

The Rev. Paul E. Schmoeyer, governor of the 265th district of Rotary International, said, "Growth and development of Rotary is dependent upon each individual member."

"The individual member supplies the spark of fellowship to help raise the ethical standards of businesses and professions in the community."

The Rev. Schmoeyer was present at the Pottstown club on his annual official visit of office. He is pastor of St. Paul's Reformed church, Kutztown and former pastor of St. John's Reformed church, Pottstown.

Present at the meeting were 82 members of the Pottstown Rotary club.

Peters repeated that the matter

would try to get all three commissioners together to talk with the delegation some time, he did not see what purpose could be served by such a meeting.

He said the matter was out of the commissioners' hands and in the hands of the State Water and Power Resources board.

When the group arrived at the commissioners' office, they were encouraged by Peters' entrance. Their faces fell when they saw no one behind him.

The spokesmen for the group, Mr. and Mrs. Richard Rogers, Sunnyside, and J. Edward Fauser, Lansdale Rd., summarized their grievances about unkept appointments.

They also said they wanted to know what the commissioners' attitude is about the county-owned land that would be flooded by the building of a dam by the water company.

Peters repeated that the matter

was in the hands of the State board.

THE GROUP pointed out the importance of the question and that residents of 21 townships were among the Friends of the Perkiomen.

Fauser said his group would keep any appointment set by the commissioners on any Monday, Tuesday, Thursday or Friday. All they wanted, he indicated, was to be able to see all three commissioners at once.

The others in the delegation were Mrs. Amos Schultz, East Greenville; Mrs. Wallace Emig, Green Lane, Howard Fenstermacher, Collegeville, and Mrs. Fauser.

GAS CHARGES UNFOUNDED, US ARMY ASSERTS

South Korean Accusation Called 'Inaccurate' by Chemical Expert

BATTLE FOR PINPOINT HILL IN HAND-TO-HAND STAGE

SEOUL, Friday, Nov. 14 (AP)—A sensational charge by South Koreans that Chinese Communists used gas shells early today in capturing Pinpoint hill was termed unfounded by a US chemical warfare expert.

Lt Col. Harrison A. Markham, chemical officer of the Ninth corps, said after an investigation at the front that one soldier was made ill from picric acid fumes from a regular artillery shell.

Another South Korean soldier who was rendered unconscious was found to have been knocked out by a log when a bunker was blown up by an artillery shell, Markham added.

Even as the charges were laid to rest, the never-give-up South Koreans returned to the counter-attack and swept up to the top of Pinpoint hill from which they were knocked a few hours before.

A little less than four hours after they lost the crest, the Korean struck back in the dark and by 6 a. m. were locked in savage hand-to-hand combat with Chinese Reds on Pinpoint's summit.

Extra Taxes Urged

WASHINGTON, Nov. 13 (AP)—Tax fraud investigators, checking on the underworld's profits, have come up with recommendations for additional tax, penalty and jeopardy assessments totaling \$160,958,612.

This was disclosed today in a report by the bureau of internal revenue on the special drive it began in April, 1951, to collect taxes from the underworld.

The report said investigators had closed out 24,501 cases, recommending criminal prosecution in 582. They recommended additional taxes in 10,999 cases.

Actress Smiles, But Balks Investigation

WASHINGTON, Nov. 13 (AP)—Sultry-voiced Karen Morley balked at telling the House un-American activities committee today whether she was ever a member of the Communist party.

The blonde, 42-year-old actress, who played in such movies as "Scarface," "Black Fury" and "Pride and Prejudice," smilingly declined to answer a barrage of questions dealing with her activities on the ground that her testimony might be self-incriminating.

After leaving the witness stand, Miss Morley told newsmen she has been "blacklisted" in the movies, radio and television.

During the recent election campaign, she said, she gave street corner talks in behalf of Vincent Hallinan, Progressive party candidate for the presidency.

'Fastest' Transport Plane in First Flight

This new super Constellation, reported to be America's fastest transport, is shown in flight for the first time over Burbank, Calif. Its four turbo-compound engines are equivalent to six of the power plants that drove the first Constellation when it was introduced about ten years ago. With a total of 13,000 horsepower, the new transport aircraft will cruise at 340 miles per hour and can hit a top speed of 400 miles.

PUTNAM PLANS PUBLIC HEARING ON WSB RULING

Monday Meeting to Weigh Merits of \$1.90 Raise For Coal Miners

WASHINGTON, Nov. 13 (AP)—Economic Stabilizer Roger Putnam today notified John L. Lewis and the soft coal industry that he will hold a public hearing Monday on their appeal for approval of a full \$1.90 daily wage boost for 375,000 miners.

Some observers saw in Putnam's action a prelude to a possible change in the government's approach to the wage and price controls program. Whether it meant sweeping changes in the program—possibly the scrapping or loosening of some controls—remained to be determined.

The immediate issue is whether Putnam should approve or reject the \$1.90 wage boost which the Wage Stabilization board trimmed to \$1.50 three weeks ago on grounds that any more would be destabilizing.

Neither Lewis nor Harry M. Moses, president of the Bituminous Coal Operators association, was available for comment on next Monday's hearing. Despite the fact both sides were known to be unfavorable to the idea of a public hearing, it appeared unlikely they would boycott it.

When the WSB made its cutback ruling Putnam said it had acted "very courageously." Now, however, he faced the alternative of overruling his WSB, an action which might lead to the resignation of some members, or of refusing the \$1.90, a move which almost certainly would lead to a full-scale soft coal strike.

Radio, Film Merger Over First Hurdle

WASHINGTON, Nov. 13 (AP)—A proposed merger of United Paramount theaters and the American Broadcasting company approved today by a Federal Communications commission examiner despite opposition from some staff experts within the commission.

Final decision on the merger of the two into a giant new entertainment enterprise must be made by the commission itself. The recommendation by examiner Leo Resnick followed months of hearings over which he presided.

The plan involves a stock exchange under which present stockholders in each company would become shareholders in the consolidated enterprise.

McGranery Asks FBI to Clear Up Mystery of 'Bogus' Telegram

WASHINGTON, Nov. 13 (AP)—Attorney General McGranery today called on the FBI to find out how a telegram—since repudiated by McGranery—was sent to Chicago directing the US attorney there to stop trying to put gangster Paul (The Waiter) Ricca behind bars.

Ricca is a former associate of gangland chief Al Capone. They ordered Kerner to continue his Justice department has been try efforts.

Today, in a statement, the Department said McGranery has asked FBI Director J. Edgar Hoover to assemble all the facts about the telegram. The Department mentioned several persons, but placed no responsibility for sending the wire to Kerner.

The Department referred to it as having been sent "by the Chief of the Criminal division"—Assistant Attorney General Charles B. Murray. Spokesmen said Murray had seen the telegram before it went out but did not write it himself. The department said the telegram had been approved by Robert L. Stern, the acting solicitor general, "but had not been cleared with the top policy group" in the department.

In the UN: 'Secret' Huddle Called by US; Chinese Nationalists Blast Red Intentions

UNITED NATIONS, NY, Nov. 13 (AP)—Representatives of 21 countries backing a Western power resolution on Korea went into a secret huddle today at the United States delegation office. One diplomat said the meeting was called to discuss possible amendments to the section dealing with repatriation of prisoners of war.

The delegates were extremely reticent after a two-hour meeting. The US delegation issued a statement agreed upon by the 21 representatives which said the meeting resulted in a harmonious exchange of views on the Korean situation in the UN.

Foreign Minister George K. C. Yeh, Nationalist China, declared "Stalin and his Communists stooges do not really want a truce in Korea." He said the Chinese Communists in Korea have suffered such high casualties that the Peiping regime does not dare face its people "empty-handed."

Soviet Foreign Minister Andrei Y. Vishinsky and Secretary of State Dean Acheson have agreed on one point in their speeches to the assembly. Both have said that the question of repatriating the prisoners in Korea was the sole obstacle to concluding a truce.

Yeh warned, however, that behind this issue, important as it is in itself, lies this vital question: Will the terms of the truce solidify and strengthen the ranks of world Communism?

"This is what the Communists are seeking both at Panmunjom and here in the United Nations,"

Assistant to Lie in UN Takes Life; Pressure of Probes Called Factor

NEW YORK, Nov. 13 (AP)—Abraham H. Feller, a right-hand man to Trygve Lie in the United Nations, tore himself from his wife's arms today and plunged to death from his 12th floor apartment.

Lie, Secretary General of the UN, said Feller killed himself because of the strain of defending UN employees "against indiscriminate smears and exaggerated charges."

Feller, 47-year-old former New Deal lawyer in Washington, was described as a buffer man between the UN and twin Federal probes of Communist activity among American personnel of the international organization.

Robert Morris, counsel for the McCarran Senate subcommittee probe of UN Communism, said Feller, himself, was not a target of the investigation.

Feller's wife, Alice, sobbingly said the American-born, Harvard educated legal expert took his own life because of "fatigue and overwork."

"He was talking of killing himself," she told newsmen in her tastefully furnished apartment. "I was arguing with him not to do it. He jumped up suddenly and ran to the window. I was pulling him back. I held him as long as I could, then he fell."

Feller was an \$18,000 a year general counsel and principal director of the UN legal department since 1946.

UN circles credited him with writing some of the most important statements of Lie, the UN's resigning secretary general.

Feller entered public life in 1934 as an assistant US Attorney General in New Deal Washington.

In 1944, he became general counsel for the United Nations Relief and Rehabilitation administration.

He was an alternate delegate to the United Nations preparatory commission in 1945 and an adviser to the US delegation to the first UN General Assembly in London in 1946.

Feller had been contacted recently by Morris and Roy Cohn, Federal investigators in twin probes of Communist inroads into UN American personnel.

Mrs. Feller said she thought Lie's resignation might have been "a contributing factor" in her husband's death.

Boy Accused of Killing Both Parents Calm At His Arraignment; Enters Innocent Plea

JERSEY CITY, N.J., Nov. 13 (AP)—Claus Eischen listened in deadpan silence today as he was arraigned for the bedroom murder of his middle-aged parents.

Not once did the owl-looking, 16-year-old Kearney boy—described as "cool as a cucumber"—by police who captured him in Florida—show a flicker of emotion during proceedings before Hudson county judge August Ziegner.

A plea of innocent was entered for young Eischen. New Jersey law does not permit a guilty plea to a first degree murder charge.

Judge Ziegner told the boy that counsel would be assigned to defend him. He was not represented by a lawyer at the arraignment.

The boy bowed his head as the officer intoned the words, "willfully and feloniously and with malice aforethought."

Wreckage of Plane Found Splattered in Woods; None Alive

SHELTON, Wash., Nov. 13 (AP)—The scattered wreckage of a four-engine Navy plane and the broken and burned bodies of four of the eleven men aboard were found by searchers in the rugged Olympic peninsula foothills late today.

The other seven men were certain to have died in the crash and explosion of the Privateer which splattered against the forested hillside last night with a thunderous roar and blinding flash.

Search parties had been working all day toward the spot where loggers and residents of the remote area 15 miles northwest of here said they had seen and heard the plane crash.

Lt. Cmdr. H. E. Sanders, Coast Guard officer in charge of the search, said the plane rammed into the forested area at an altitude of about 1800 feet. He estimated it was 400 feet below the crest of the hill.

A Navy crew was dispatched immediately to the scene to bring out the bodies.

The Privateer met its tragic end while on a training flight from its base at the Seattle Naval Air station.

Colebrookdale PTA Hears Judge Talk on Children, Juvenile Court

Judge Warren K. Hess, Berks county court, addressed members of the Colebrookdale Parent-Teacher association at its meeting held in the Colebrookdale school. Judge Hess used as his theme, "The Child, the Home and the Juvenile Court." He stated that, "as goes the home, so goes the child," and in explaining the functions of the juvenile court, he emphasized that juvenile delinquency is usually the result of poor home training.

A further explanation of the juvenile court by Judge Hess followed, showing it to be a substitution for the parents where there is neglect.

The program also included vocal selection by "The Harmonettes," a trio composed of Bernice Shaw, Edith Dorang and Joanne Banks.

DURING THE business session Miss Mary Specht, school nurse, gave a short talk on the health examination of the school children and pointed out the need of an audiometer for testing the children's hearing.

3 Automobiles Carrying Non-Union Miners Shot At

JEFFERSON ISLAND, La., Nov. 13 (AP)—Three automobiles carrying non-union miners from the struck Jefferson Island Salt company were fired on and an explosion wrecked an unoccupied bus today.

Sheriff Nic Derouen said no one was injured in the shooting attack on the three automobiles. The miners in the cars had just finished work and were returning to their homes when shotgun fire raked their automobiles.

The sheriff said "it appeared whoever was doing the shooting was trying to scare the men and not injure them."

Two hours after the three cars had been fired on, Abbeville Police Chief Nelson P. Hollier reported that an unoccupied bus that had been used to transport non-union miners was damaged by an explosion.

No Tax Cut Allowed Girls for Depreciation

WASHINGTON, Nov. 13 (AP)—The Internal Revenue bureau ruled today that feminine beauty can't be depreciated for income tax purposes.

John B. Dunlap, Internal Revenue commissioner, gave the ruling in the case of Shy, Inc., a group of Washington models.

They had sought, as a corporation, to obtain depreciation allowances for loss of beauty through "age, exhaustion, obsolescence or otherwise."

Dunlap, although he turned down the request, handed the models a compliment in his informal ruling, saying:

"It is the opinion of this office that American beauty never becomes obsolete."

FBI Is Investigating Threats to Newsman

TUPELO, Miss., Nov. 13 (AP) — The FBI today said it had inquired into the report that hooded terrorists warned a North Dakota "Yankee" to get out of town or get hurt.

Newell Anderson, 26, and his pretty wife left here for Fargo, ND, yesterday—about an hour before the deadline he said was set by the two hooded men last Monday.

In Memphis, A. I. Means, FBI

agent in charge, said technically the FBI was not making an investigation. It was a routine "inquiry" after a complaint that Anderson's civil rights had been violated. Means wouldn't say who filed the complaint that this treatment violated Anderson's civil rights.

RIDGWAY CONFERS
LISBON, Portugal, Nov. 13 (AP) — Gen. Matthew B. Ridgway conferred with Portuguese military leaders for nearly three hours today. Observers said the question of developing air bases in Portugal may have been discussed.

State Urged to Slay Destruction of Old Inn

HARRISBURG, Nov. 13 (AP)—The State highways department was urged today to abandon plans for the dismantling of historic King of Prussia inn, near Norristown, until interested groups "can do something about its preservation."

"We recommended that it not be destroyed until the people interested in restoration of the building can do something about its preservation," said Donald A. Cadzow, executive director of the State historical and museum commission.

Cadzow and a commission committee which investigated the old structure, met today with highway representatives to discuss the inn's disposition in the event of possible highway construction nearby.

SMALL JOINTURE —

(Continued From Page One)

Upper Providence" being included in the small jointure.

Upper Providence indicated later in a poll of Montgomery county boards interested in jointure that it favored a large jointure, however.

Secretary A. J. Balch of the Spring City board said he favored the small jointure, which "also might include three small townships close to Spring City."

These townships, he said, are East Vincent, East Coventry and West Vincent.

HE SAID Spring City "is not interested in and is non-committal on this larger jointure" of nine to 13 boards.

Other boards in addition to Royersford, Spring City, West Vincent, East Coventry, Limerick and Upper Providence present at the meeting were Collegeville, Schwenksville, Lower Frederick, Skippack and Perkiomen.

Trappe, a board which attended the two previous meetings, and East Vincent were absent.

When polled on which form of jointure they favored, Collegeville, Skippack, Schwenksville, Perkiomen, Lower Frederick and Upper Providence voted for the large jointure.

A Collegeville representative said that he believed Trappe, which already is in a jointure with Collegeville, is in favor of the large jointure also.

Limerick's president, Frank Ruml, said he was not committed to one or the other, but two members of his board favored the small jointure "with certain reservations," which he did not enumerate.

He could not speak for two absent members of his board, he said.

DR. A. M. KULP, Montgomery county superintendent of schools who two months ago told the boards a small jointure would be impractical because sooner or later it would have to join a larger group of boards, reiterated that warning last night.

He did so when asked by a director if any problems would arise from a small jointure.

Kulp replied, "I'm still in favor of the larger jointure." He said he could understand why Royersford and Spring City with only a river between them would want the smaller jointure.

But, he continued, "I still feel the larger unit is advisable and believe that in 15 years, if they start with two jointures, they would have to join as one unit anyhow."

He spoke of the small jointure under discussion and a possible jointure among some or all of the remaining boards.

The board agreed to meet again, Dec. 3 at 8 p. m., at the Collegeville-Trappe Joint High school at the request of Dr. Russell D. Sturgis of the Collegeville board.

Sturgis said his board hoped to have a State Department of Public Instruction official present at the meeting to help the boards solve the problems facing them.

The official, he said is coming to Collegeville that week to visit friends.

INAUGURATION —

Delaware county Republicans will share one of the trains under the tentative plans, Wood said.

The three other trains will carry party representatives from the Philadelphia, Harrisburg and Pittsburgh areas.

Of the all-important Pennsylvania stand request, Wood said Taylor "is in no position to state with definiteness what the results will be, but he's optimistic."

Ike, Dewey to Discuss Truman Conference

AUGUSTA, Ga., Nov. 13 (AP)—President-elect Dwight D. Eisenhower and Gov. Thomas E. Dewey, meeting here tomorrow, will talk over international and domestic problems likely to come up for discussion at the General's conference with President Truman next Tuesday.

Eisenhower aides said there probably will be no formal agenda for the session with the New York governor, but that matters expected to be explored at the White House meeting will be studied.

SPEED TRAPS —

(Continued From Page One)

Strange said each of the traps will be identified by two signs, one at each end of the trap. The signs will warn motorists a speed trap is in operation.

The signs to be used, the chairman said, are some of those at the nine street entrances to the borough. These signs warn motorists to drive carefully and not to force the borough to operate speed traps.

THE SIGNS will be painted over, Strange said, and the new warning painted on them. He said he did not know if the signs were being painted yet.

Chief Laughead, in charge of setting up the traps, could not be contacted last night to determine how far the trap plans had progressed or who would work the traps.

The West High street trap will be located between Manatwamy street and the borough's west boundary, the East High street snare between Keim street and the east boundary line and the North Charlotte street trap between Beech street and the northern boundary.

Memory Lapse Blamed For Luxury Liner Loss

VANCOUVER, B. C., Nov. 13 (AP)—A chief officer's memory lapse was blamed officially today for the loss of the luxury liner Princess Kathleen in Alaskan waters Sept. 7.

Justice Sidney Smith, who conducted a formal inquiry, held Chief Officer Charles W. Savage at fault for the grounding and later sinking of the Canadian Pacific vessel near Juneau. All aboard the ship reached shore safely. There were 300 passengers.

The justice suspended Savage's master's license for one year from the date of the sinking but recommended that he be given a chief officer's ticket again after six months. Savage held captain's papers at the time of the mishap but was serving as chief officer.

Savage admitted responsibility through his counsel, Glen McDonald.

2 Boys Admit Starting Fires for Thrill of It

DES MOINES, Nov. 13 (AP)—Two boys, seven and nine, who admitted starting several fires because they "liked to see fire engines tear down the street," were held by juvenile authorities here today.

Police Lt. Arvene Nelson said the older of the two boys told him he actually lighted the fires because the seven-year-old was "too young to handle matches." The younger lad said he was present when the fires were started because "I like to see the fire engines run, too."

Nelson said the boys admitted starting three grass fires and another blaze which destroyed a garage housing an automobile belonging to Ralph Burcombe, Jackson, Miss.

Senator Lodge Might Have Confidential Report Soon

WASHINGTON, Nov. 13 (AP)—Sen. Henry Cabot Lodge, president-elect Eisenhower's advance link with the bulk of the outgoing Truman Administration, arrived in the capital tonight and said he "might have" a confidential report ready for Eisenhower's meeting with President Truman Tuesday.

The Massachusetts Senator, defeated for re-election, told reporters at the National airport, however, he has no specific plan of procedure for his liaison work, expected to center in the State and Defense departments.

"I've never done this before, you know," Lodge said.

60 Paper Employees In Erie Refuse to Work

ERIE, Nov. 14 (AP)—About 60 editorial, circulation, advertising and business employees of the Erie Dispatch refused to work today and picketed the newspaper.

Publishers of the newspaper and union officials were not available for comment. The employees are members of Local 187, CIO American Newspaper Guild.

Union and management officials went into immediate session to discuss grievances. Plant workers and truckers were not affected by the walkout. Both editions of the newspaper were distributed.

Police Fear 'Bad Apple,' Take Lie Detector Tests

KANSAS CITY, Nov. 13 (AP)—Someone robbed the Flora avenue police station of \$100.

As a result Chief Bernard C. Brannon has directed all policemen assigned to the station take a lie detector test.

The circumstances according to Capt. Lewis E. Wyatt are these: Saturday night a bonding company put up \$100 for the release of a motorist. The money was placed in a drawer. Sunday the money was gone, but the envelope still was in the drawer.

State Election Boards To Count Absentee Votes

PHILADELPHIA, Nov. 13 (AP)—Election boards in Pennsylvania's 67 counties resume counting votes tomorrow, tabulating an estimated more than 75,000 absentee ballots cast by armed forces personnel.

The votes will be added to the civilian totals now being computed officially by the election boards, but cannot change the unofficial result that Republican Dwight D. Eisenhower won Pennsylvania's 32 electoral votes for president. Nor are they expected to make any major change in the Republican sweep of the State for US Senate and three Statewide offices.

Manufacturer Acquitted Of Obscenity Charge

NEW YORK, Nov. 13 (AP)—Dress Manufacturer Samuel Chapman won acquittal today on charges of possessing obscene photographs and other items.

The three-judge special sessions bench voted unanimously for acquittal of the 56-year-old business man on motion by Defense Counsel Paul O'Dwyer.

The jurists held that the prosecution did not prove a point necessary for conviction—that Chapman had shown the indecent objects publicly.

Federal Judge William Riley, sentenced Beauchamp to a total of 10 years and then suspended sentence.

Five witnesses, including Grimes Postmaster H. M. Menough, told Judge Riley they believed virtually all the Grimes community would welcome Beauchamp back as a citizen.

Britain's Prince Charles To Mark 4th Birthday

LONDON, Nov. 13 (AP)—Prince Charles will be 4 years old tomorrow, and there are indications the heir apparent to the British throne will be entering the most eventful year of his young life.

Court circles believe the robust lad who romps about Buckingham palace will be designated Prince of Wales before his fifth birthday.

There has been no Prince of Wales for 16 years. Many Welshmen are urging that Charles assume as soon as possible the title and station last held by the Duke of Windsor.

The next year also brings the coronation of Charles' mother, Queen Elizabeth II, and world interest is sure to fall occasionally on the little boy in that stirring pageantry.

Book Reviews on High-Placed Women Entertain Century Club

Women high in government circles—Presidents' wives, an amassadress and a prince's tutor—were the subjects of three book reviews heard by the Century club.

Under the direction of literature co-chairmen Mrs. Harry Christman and Mrs. A. C. Seawell, the reviews were presented Wednesday morning followed by an afternoon dessert bridge, in Library hall.

Mrs. Clarence C. Yocum opened the "Bookland" program with her report on "Postmarked Moscow" by Lydia Kirk, wife of the former United States ambassador to Russia.

Nylons costing \$12 a pair, women working in street gangs and outrageous hospital care. Mrs. Yocum said, impressed Mrs. Kirk as among the most striking differences between Russian and American life.

"But worst of all," the reviewer continued, "were the people—silent, subdued, shabby people with frozen faces, they wander Moscow's streets with an air of hopelessness."

Gardens and greenery, she continued, are lacking in Moscow, yet the residents feel the need for growing things. They plant straggly weeds in old milk bottles on their window sills.

In the book, compiled from Mrs. Kirk's letters to her daughters during her two years in the USSR, Mrs. Yocum noted the innumerable ways in which the Russians made life difficult for the American diplomats.

One member of the embassy staff was forced to undergo an appendectomy without anesthetics. America house, where the embassy's clerical employees were housed, was still without hot water when the Kirks returned to the United States.

"White House Profile" by Beth Furman, Mrs. Harry L. Christman told the group, sketches the lives of the wives of former generals in the whitehouse.

Starting with Andrew Jackson's wife, Abigail, the book describes Mrs. Zachary Taylor and the wives of the three civil war generals. She contrasts them to the hostesses of non-military Presidents.

The author, Mrs. Christman said, spices her thumbnail biographies with bits of light gossip concerning past White House residents.

Thomas Jefferson, she illustrated, introduced waffles, ice cream and macaroni to America—as well as well as his own French chef.

Third review, presented by Eleanor Commerser, was of Elizabeth Gray Vining's "Windows for the Crown Prince."

Miss Commerser said she had twice heard the lady author speak, and considers her a charming individual who faces life with a calm, unruffled Quaker calm.

She continued that the book described Mrs. Vining's four years in Japan where she was royal tutor for the crown prince, and presents a picture of life in an Oriental court.

Mrs. Kenneth Christman won the doorprize, and the cake was won by Mrs. Jack Wennersten.

Winners at cards included Mrs. Frank S. Anderson, Mrs. John A. Barlow, Mrs. John Anthony, Mrs. George Cockefair, Mrs. W. Bryan Chambers, Mrs. Harry C. Shope.

'Animals' Urge Abstinence in East Coventry

Mice, tortoises and rabbits spoke for temperance last night at East Coventry school.

Eighth graders participated in the annual North Coventry WCTU speech contest before an audience of PTA members.

Susanne Rinehart was awarded the silver first place medal for her version of the old hare and tortoise race. Impersonating a radio announcer broadcasting a race, she told of how the over-confident hare went into a bar and frittered his time away until he lost the race.

Another Eighth grade pupil, George Crossland, pretended he was a hungry mouse. He (as a mouse) lived in a home where all the money was spent on liquor. Where there was no money for food, there could be no cheese, so the mouse starved.

President of the WCTU Mrs.

Love, Learn, Pray Are 'Must' Actions Of Good Community

"It's a mistake to separate a gift and its giver," said the Rev. Laurence T. Beers, yesterday afternoon to Needlework Guild workers.

The pastor of First Baptist church was speaking of the elements which must go into making good community. Personalized giving, rounded by love and sympathy, is the only real charity.

"We must learn more, love more and worship more. The three basic pillars on which a good community is built are education, charity and piety."

Personalized giving was exemplified yesterday by gifts which Needlework guilds in the area had gathered for the 56th Ingathering Day. There were 400 of them—from booties to bed linen.

The Rev. G. A. Lineker welcomed the 35 individual directors, the 11 organizational directors and members of the various guilds to the church of which he is rector, Christ Episcopal.

This morning the garments will be distributed by agencies which care for the borough's welfare. The Salvation Army and the Family Welfare agency will receive the \$175 shoe fund.

Music was contributed by the 'Harmonettes'.

Invitations will be addressed by members of the junior selection committee at a tea in the home of Mrs. William Hoar, Nov. 30.

Members of the committee select the invitation list for the subscription dance from students of the 10th, 11th and 12th grades of Pottstown Senior High School, North Coventry High School, West Pottsgrove High School and The Hill school.

Formal invitations are issued, and those attending are greeted by a receiving line made up of both junior and senior cotillion committees.

This year, according to Chairman Mrs. J. Robert Gray, the dance is being held in the Elks home rather than Brookside Country club because of the increased number of young people invited.

While actual invitations are limited to 600 teen-agers, each one is entitled to bring a guest, she pointed out.

Patronesses serving with Mrs. Gray on the senior committee are: Mrs. Carroll Rutter, Mrs. William Hoar and Mrs. Robert Mallison.

Teen-Age Screen Star Tells High Schoolers How to Beat That Awkward Age, Advises Good Posture, Manners, Neat Grooming

By HELEN FOLLETT

Why the awkward age? There shouldn't be any! Teen-age girls are pretty smart. They can do almost anything when they put their minds on the matter.

SITTING PRETTY is an art teen-agers should cultivate, says young star Marlene Cameron, who appears in "The Happy Time."

The one great aim of these young dollies is to be attractive and pretty. They would be willing to spend all their time and all their allowance on the pulchritude project.

When they catch themselves sprawling in a chair, kicking up the rugs and not knowing what to do with their hands they should come awake to the fact that they are not creating beautiful pictures.

If you see the movie "The Happy Time," note the grace and movements of Marlene Cameron.

She is 17 and plays the role of a little girl who wears braces on her teeth and who, in the end, emerges as a real beauty.

What is even more interesting is the fact that she can demonstrate that a teen-ager can possess perfect rhythm of movement, can pose prettily when sitting — legs neatly crossed, hands folded in the lap — the personification of grace.

Marlene offers some practical beauty advice to the sisters who are in her age bracket. Skin care is important—plenty of soap and water. Cut down on sweets because too much weight will make a girl look awkward.

Avoid mannerisms. Don't twist a strand of your hair; tease the buttons on your blouse or tap your toes. Endeavor to cultivate poise; it can be done.

When walking, pull up your backbone, tuck in your tummy and step lightly.

Heels for girls should be of medium height. High heels that interfere with normal foothold, will make a girl look uncertain of herself. Anyhow, they are not suitable for lovely youth.

Marlene says it is a mistake to wear fussy clothes, that style means simplicity. The placing of the hem of the skirt is something to think about, especially if fatted calves have developed. Then you will know that you are traveling along the right beauty path.

Hats Can Flatter Girls Who Wear Glasses

By HELEN FOLLETT

Girls who wear glasses have to create beauty codes of their own because their specs must be taken into consideration. This is particularly true when they select hats.

THIS IS A good style hat for girls who wear specs. Such girls should also remember that one pair of glasses isn't enough.

Designers of millinery, who are qualified to know what they are talking about, offer some good suggestions on the subject.

If you belong to the beauty-seeking contingent that wears specs, you can probably make good use of them.

Always leave plenty of space above the eyes, so that there is never a cut-off look, with the brim coming down over the forehead and focusing attention on glasses.

Just as a pretty picture calls for an attractive frame, and also a mat between them, so the face needs the softness of a hairline to look its best.

Turbans and close-fitting hats are not for you. They give too

Well Chosen Flowers, Foliage or Fruits Make Attractive Thanksgiving Centerpiece

By ELEANOR ROSS

SWEPT out along with a host of other pretentious formalities is the elaborate table centerpiece, and we hope it is gone forever.

In its place are groupings made up of a few well chosen flowers and tastefully arranged foliage, with a few ornaments appropriate to the occasion.

Coming up now is Thanksgiving, an occasion not for a tasteless splurge, but for the expression of true beauty and good taste.

Thinking back on some of the table settings we have seen the past few years, the one we liked best was a tasteful arrangement of bronze chrysanthemums and corkscrew Croton leaves in a cornucopia that had been bronzed, with tiny china Pilgrim figurines.

Another nice centerpiece had as its focal point a large Pilgrim hat with flowers coming out of the crown.

Then there was the arrangement of chrysanthemums and pompons in a low bowl, with pompons used at the ends in a softly curving design.

Pottery figurines, pumpkins and turkeys, with ear-of-corn candles completed a pretty and most appropriate arrangement.

Pretty, too was a grouping of yellow and chartreuse mums with yellow and green foliage in a modern chartreuse container with yellow candlesticks and chartreuse candles.

It isn't necessary, of course, to keep strictly to the Thanksgiving theme so far as ornaments are concerned. It is the flowers, the foliage, the fruits symbolic of Autumn and the harvest that tell the story.

A handsome arrangement might be anemone type mums and pompons with a few large mums

TIME FOR COMEDY
Many wives complain that when the husband arrives home in the evening, they must start dinner and do not have time for conversation with the man of the house who buries his nose in the newspaper. Casserole dinners can be prepared in advance, and set in the oven to cook while mother and father discuss their daily activities. Entire meals can be cooked in the oven, and if the table is set beforehand, Mom needs only to visit the stove twice—once to turn it on, and once to turn it off.

'Animals' Urge Abstinence in East Coventry

Mice, tortoises and rabbits spoke for temperance last night at East Coventry school.

Eighth graders participated in the annual North Coventry WCTU speech contest before an audience of PTA members.

Susanne Rinehart was awarded the silver first place medal for her version of the old hare and tortoise race. Impersonating a radio announcer broadcasting a race, she told of how the over-confident hare went into a bar and frittered his time away until he lost the race.

Another Eighth grade pupil, George Crossland, pretended he was a hungry mouse. He (as a mouse) lived in a home where all the money was spent on liquor. Where there was no money for food, there could be no cheese, so the mouse starved.

President of the WCTU Mrs. Chester Tyson coached the children and awarded each of the other participants, Sally Moore, Jean Graham, Fred Fahringer, and Marcia Mauger, consolation prizes.

Judges were Mary Eschbach, Mary Baughman and Mrs. G. K. Schultz.

A mirimba solo by Gloria Annette White led the intermission time between the first three speeches. Mrs. Alvina White, Parkersford, accompanied her daughter at the piano.

Presiding officer Mrs. Wilbur Rinehart announced that the room award would be given to the Eighth grade, that a total of 276 members was now in the PTA and that the January meeting would be Father's night.

Love, Learn, Pray Are 'Must' Actions Of Good Community

"It's a mistake to separate a gift and its giver," said the Rev. Laurence T. Beers, yesterday afternoon to Needlework Guild workers.

The pastor of First Baptist church was speaking of the elements which must go into making good community. Personalized giving, rounded by love and sympathy, is the only real charity.

"We must learn more, love more and worship more. The three basic pillars on which a good community is built are education, charity and piety."

Personalized giving was exemplified yesterday by gifts which Needlework guilds in the area had gathered for the 56th Ingathering Day. There were 3400 of them—from booties to bed linen.

The Rev. G. A. Lineker welcomed the 35 individual directors, the 11 organizational directors and members of the various guilds to the church of which he is rector, Christ Episcopal.

This morning the garments will be distributed by agencies which care for the borough's welfare. The Salvation Army and the Family Welfare agency will receive the \$175 shoe fund.

Music was contributed by the 'Harmonettes'.

PTA Executives Wrap Kids' Christmas Gifts

Invitations will be addressed by members of the junior selection committee at a tea in the home of Mrs. William Hoar, Nov. 30.

Members of the committee select the invitation list for the subscription dance from students of the 10th, 11th and 12th grades of Pottstown Senior High school, North Coventry High school, West Pottsgrove High school and The Hill school.

Formal invitations are issued, and those attending are greeted by a receiving line made up of both junior and senior cotillion committees.

This year, according to Chairman Mrs. J. Robert Gray, the dance is being held in the Elks home rather than Brookside Country club because of the increased number of young people invited.

While actual invitations are limited to 600 teen-agers, each one is entitled to bring a guest, she pointed out.

Patronesses serving with Mrs. Gray on the senior committee are: Mrs. Carroll Rutter, Mrs. William Hoar and Mrs. Robert Mallison.

Those on the junior committee include: Mary Sue Mallison, Ann Rutter, Carol Rutter, Marcia Keller, Claudia Elicker, April Asses and Maryanne Hospador.

Rev. Baer Honored At Church Reception

A large group of members of Twin-Borough Mennonite Brethren in Christ churches recently attended a reception in honor of the Rev. and Mrs. Paul E. Baer in the Royersford church. Pastor Baer was returned to his charge for the seventh year at the recent conference in Bethlehem.

R. Stanley Weidner, delegate to the conference, had charge of the meeting. He also represented the Spring City church with an address of welcome, and introduced Russell R. Fox, Royersford, who spoke for the 'Ford congregation.

The Rev. and Mrs. Baer both received gifts. A food mixer was presented to Mrs. Baer by Weidner in the name of the congregations. Pastor Baer received a large cash contribution. Both responded. Two large floral baskets also were given by the Sunday schools.

The Rev. F. B. Hertzog, Quakertown, district vice-superintendent, spoke, stressing loyalty on the part of both the pastor and congregation. Mrs. Cora R. Fox led in prayer. Mrs. Harold M. Benfield played the piano and sang a solo. The women's trio sang a number. The service was concluded with a vocal duet by the Rev. and Mrs. Baer.

Musmanno Advises Against Hiss Parole After Citing 'Danger'

PITTSBURGH, Nov. 13 (AP)—Justice Michael A. Musmanno of the Pennsylvania Supreme court, told the chairman of the US parole board today that Alger Hiss is a "dangerous man" who should not be paroled from Federal prison.

Hiss, former State department employee, was convicted of perjury in 1950 on the basis of his testimony that he never gave government secrets to Whittaker Chambers, admitted one-time courier for a Communist spy ring.

Hiss, who has served one-third of his five-year prison term, is eligible for parole Nov. 21. The parole board expects to hear the Hiss case tomorrow.

Justice Musmanno, in a letter addressed to Dr. George Killinger declared:

"As a member of society, I wish to go on record that it is my sincere belief that the paroling of Alger Hiss would be fraught with peril to society. Alger Hiss is a dangerous man."

Co-Captains to Lead Trojan Seniors In Final Home Appearance Tomorrow

The string will run out for 12 Pottstown High Seniors tomorrow afternoon. After the Bridgeport game, they will appear on Franklin field only as civilians.

The 12th graders will have one other game to play, but tomorrow's showing will be their finale on the home gridiron. Some of the boys have carved a lot of cleat marks in the Franklin field turf over the past six years, while others are relative newcomers.

Leading the upper classmen are co-captains Bob Sutton, Ron Downie and Steve Chernesky. All three have received All-Chester league recognition in the past and are likely to appear again when this year's selections come out.

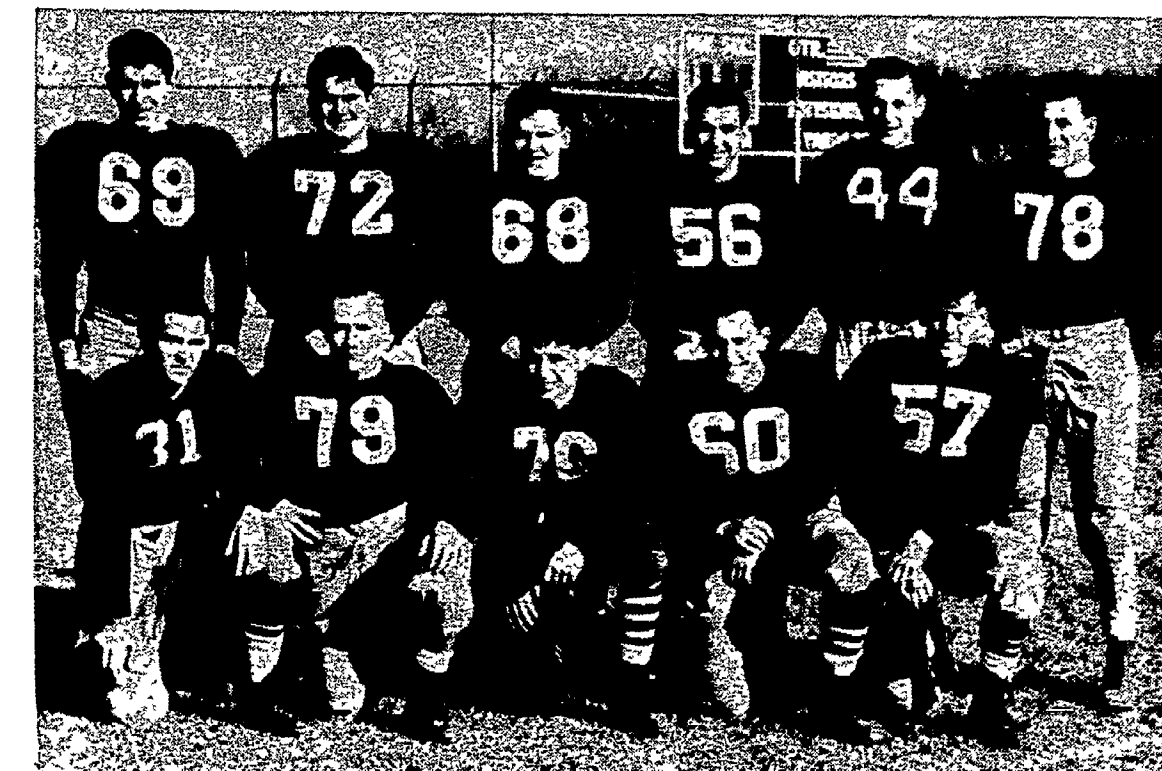

Sutton and Downie are two-way performers and have anchored a defensive line that has given a good account of itself in every game. Both are big and rugged and should make some college freshman coach happy next year.

Chernesky was strictly an offensive end early in the campaign, but it became necessary to move him in on offense because of his size and tackling ability.

Five of the remaining nine are either offensive or defensive regulars.

JACK BECHTEL, the team's most consistent ground game, and the regular defensive left end will be giving his final curtain call at

The End Is in Sight

When the Pottstown Trojans play Bridgeport at Franklin field tomorrow afternoon, these 11 Seniors will be making their final home appearance. Actually 12 members of the team are Seniors but tackle Hal Rosenberger missed the picture taking. Back row: (left to right) Co-captain Steve Chernesky, Walt Axsmith, Co-Captain Bob Sutton, Merrill Renninger, Bob Liput and Co-Captain Ron Downie. Front row: (left to right) Don Monroe, Bill Garrow, Jack Bechtel, Paul Stofko and Ed Czajkowski.

Norco's Offensive Unit Hurtin'—5 Players Injured

When North Coventry and West Pottsgrove meet tomorrow afternoon, 17 Seniors will take the field for the last time in high school.

The number is about evenly divided with the Wildcats losing nine men by graduation and the Falcons eight.

Coach Al Brown is more concerned at present with his growing sick list that has left his offensive unit a shambles. Four first stringers are injured with none expected to see more than limited action.

Duke Kinckiner, the quarterback who does his team's passing, much of its running and all of its signal calling, has a severely bruised hip. The basketball captain will probably start but Brown has no hopes of him lasting very long.

Dave Clemens, Kinckiner's replacement is little better off because of a sprained ankle. When and if both quarterbacks fall in battle, only Coach Brown knows who comes next.

Wednesday night tackle Red McMullen became another casualty when he bruised his knee in an automobile accident. He is the team's heaviest man and his absence will be felt.

Next comes Art Airey. The slender end leaves no question about his condition—he is definitely out with a broken leg.

CENTER John Patrick is the fifth lame player. His badly bruised shoulder is not expected to stand much contact, which means he will be of little help as a linebacker.

Coach Charlie Kasmerovitz is not confronted with such a sick

Hill Grid Squads Win, Lose, Draw In Three Games

Hill school football teams battled 500 yesterday afternoon by winning, losing and tying.

The victory, with The Hill Thirds doing the romping, was a 37-0 hiding handed out to the Pottstown High jayvees. It was the third shape for the game with the exception of reserve fullback Carl Burns who was injured against Coatesville the past Monday.

With Al Bodolus again among the missing, the fullback strength behind Howie Bedell may be very thin if Burns is not ready.

Axsmith is also hobbled by injuries and may have to miss his final home game.

The Sixths were halted, 6-0, by Rittenhouse when George Augustine scored on a long pass from Mike Intranti in the second period.

The seconds battled Stewart's 100-pounders on even terms to a 6-6 standoff. Lou Lehman gave the seconds a 6-0 lead in the second period when he raced off tackle for 15 yards and a TD. Mort Kennedy tied the count for Stewart in the last period when he took a long pass from Sid Bowles.

In the "big" game the Thirds capitalized on three Pottstown fumbles to take a 24-0 lead at half-time. Clint Reichard and Charlie Lawson each tabbed a pair of touchdowns with Lawson adding the only extra point of the game.

IN ADDITION to his six-pointers, Reichard passed for two other scores.

The six-TD spurge for Hill went about like this:

1. After Hill recovered a first period fumble on the Pottstown 25, Lawson capped the short drive with a 15-yard run off tackle for the score.
2. Still in the first period Hill captured another Pottstown fumble on the losers' 40. Reichard went the final 15 yards around end.
3. Charlie Wilson intercepted a PHS pass on the Pottstown 40 in the second period. End Don Damuth and Reichard collaborated for a 20-yard touchdown pass.
4. Shortly before the half ended Reichard slanted off tackle for a 10-yard scoring run to culminate a 55-yard march.
5. In the last period Lawson ended a 40-yard drive by hitting the middle for a two-yard scoring thrust. He also ran the extra point over.
6. A pass from Reichard to Fred Gore for 20 yards ended the scoring.

Shantz Elected Most Valuable

NEW YORK, Nov. 13 (AP)—Bobby Shantz, the Philadelphia A's pint-sized pitching marvel, today won the American League most valuable player award by a landslide vote.

The talented little lefty, who led the league with a 24-7 won-and-lost record, received 16 first place votes from the 24-man committee of the Baseball Writers association — three from each American League city.

Allie Reynolds, Yankee pitching ace, polled four firsts and Mickey Mantle, his sensational outfield mate, drew three firsts to finish second and third behind Shantz.

The only other first place ballot

BOBBY HIDES OUT

Bobby Shantz took it on the lam last night when he heard the good news that he had been named the American league's most valuable player.

Al Marquet, Pottstown's postmaster and top Shantz rooster, talked with Bobby's mother and father in Philadelphia last night. Mr. Shantz was overjoyed at his son's good fortune, said Marquet.

The postmaster is a close friend of the Shantz family and it was he who initiated the local Shantz fund for presents that were presented to Bobby in Philadelphia the past July.

Marquet said he didn't know where Bobby was at present, and even the young lefty's father didn't know.

Shantz's plans to go to Lincoln, Neb., with his wife may now be disrupted because of the MVP award. The Winter banquet circuit will be clamoring for his services, and although the shy and retiring Bobby would rather stay out of the limelight, it will now follow him wherever he goes.

While Bobby and his wife, Nancy, were in Hawaii on a recent barn-storming trip with other big leaguers, Marquet corresponded with the Athletic's ace. Bobby told of getting a nice tan, and few extra points.

He brought back some island clothes, too, Marquet said.

Where Bobby will pop up next is a question but when he does, he'll be the center of attraction.

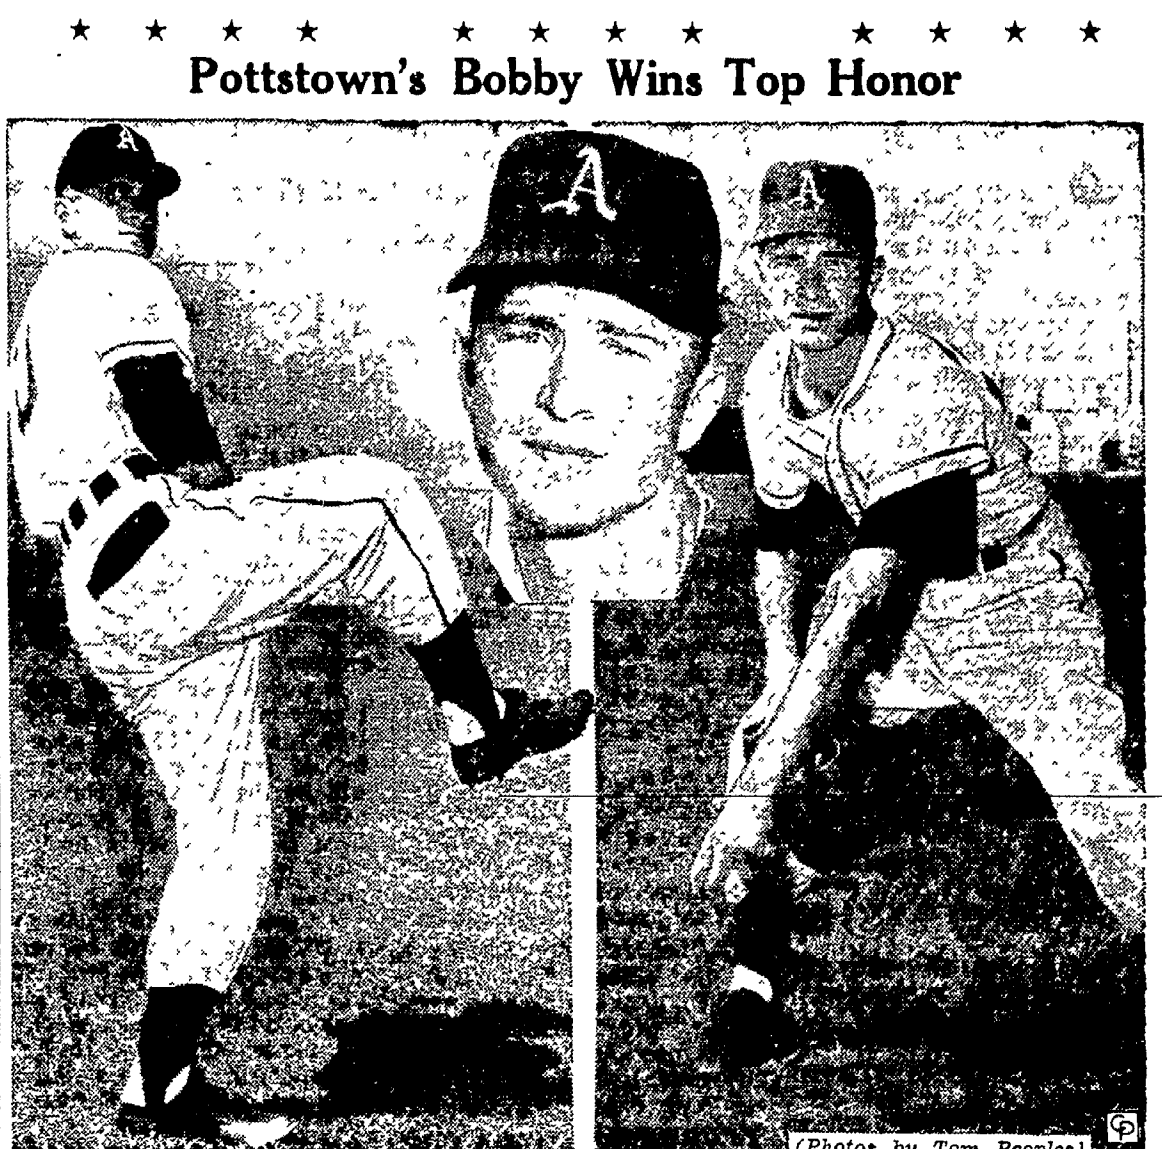

went to Nelson Fox, Chicago's tobacco-chavin' second baseman, who finished seventh in the point totals.

On the basis of 14 points for a first place vote, nine for second and so on down to one for tenth, Shantz totalled 280 points, almost 100 more than Reynolds' runnerup 183.

Mantle was a close-up third with 143, followed by Yankee Yogi Berra, most valuable player in 1951, whose 104 points gave him fourth spot.

in the first 10, including the Tribe's three 20-game winners —Early Wynn (23-12), Bob Lemon (22-11) and Mike Garcia (22-11). Wynn was fifth, Lemon eighth and Garcia ninth.

Al Rosen, thumping third baseman with 28 homers and 105 runs batted in, rounded out the Cleveland contingent in 10th place.

Ferris Fain, A's first baseman and batting champ for the second successive year, finished sixth in the voting.

Shantz, 27, enjoyed a sensational year including a brilliant job in the All-Star game when he struck out Whitey Lockman, Jackie Robinson and Stan Musial in a brief one-inning appearance.

Called a "fifth outfielder" because of his great glove work, Shantz beat the world champion Yankees four times and whipped Cleveland three times with his darting knuckler. His strikeout total of 152 was second only to Reynolds' 161. Shantz was the first pitcher to win most valuable honors in the American since Hal Newhouser of Detroit in 1944-45.

A BROKEN BONE in his left wrist, suffered in the final week of the season, cost Shantz a chance to face the Yankees in their final series when New York clinched the pennant. He still wears a cast but is confident his slow-healing wrist will be all right for 1953.

"Holy Cow," said Shantz when informed of the vote. "I don't believe it. It's the greatest honor I ever received. The guys on the team deserve most of the credit. I don't know how I got it over guys like Allie Reynolds and the others."

They finally got official figures on Shantz's height and weight last Summer at a weighing ceremonies at Shibe Park.

Pottstown's Bobby Wins Top Honor

Five feet 6 1/4 inches and 139 1/2 pounds was the verdict.

Reynolds (20-8) led the league with a low earned run mark of 2.07 in the unofficial figures. He threw six shutouts to five for Shantz but little Bobby worked 27 complete games and 280 innings to 24 complete games and 244 innings by Reynolds. The Yankee ace, of course, also starred in the World Series against Brooklyn, appearing in four games.

Mantle, the 21-year-old phenom, boosted his 267 rookie average to a booming .311, third in the league, in his second year. He hit 23 homers and drove in 87 runs to earn his spurs as Joe DiMaggio's successor in center field at Yankee Stadium.

BERRA DOPPED OFF 21 points to .273 but hammered 30 homers and drove in 98 runs in 142 games behind the plate. The 30 homers was a new record for catchers in the American.

Fain's .327 average gave him a second straight league batting title. Fox batted .296 and played steady ball for the White Sox in 152 games.

Nobody was mentioned on all of the ballots cast by the 24 committee members. Closest was Shantz who missed only one. In addition to his 16 firsts, he drew four seconds, one third, one fourth and a sixth.

Grid Writer Doubts Notre Dame Can Pull 2d Upset Over Spartans

By WILL GRIMSLEY

NEW YORK, Nov. 13 (AP)—An irate Arizona citizen accuses us of making these picks by pulling the teams out of a hat—"and probably a wornout hat, at that."

"If you do it out of your head," he adds, "You must have a hole in that, too."

Our headlining plunge into upset gulch last week gave us Navy, over Duke, Georgia over Penn and Syracuse over Penn State. But the real beauty was picking Stanford to upset Southern Cal. The score: Southern Cal 54 Stanford 7.

Fewer upsets this week: Michigan State over Notre Dame; The Fighting Irish left most of their football in the wreckage of Oklahoma.

Georgia Tech over Alabama: With Leon Hardeman crippled, the Rambling Wreck has a close call. But the Tide defense is too porous.

Maryland over Mississippi: The Cotton country had better batten down the hatches—the Terrapins hit like a cyclone.

Southern California over Washington: The Trojans' terrific defense plugs the air holes against Army-bound Don Heinrich.

Tennessee over Florida: Three big boys will be camping on the Vols' doorstep when they win this one.

Oklahoma over Missouri: The Sooners have too much scoring punch. Close game though.

TEXAS CHRISTIAN over Texas: The week's upset special. The Horned Frogs have a habit of defying odds in this ancient series.

Michigan over Purdue: The Wolverines throw the Big Ten title race into further confusion.

Pennsylvania over Army: This is a battle of the elephant against the swift-striking cougar. The elephant's too big.

Navy over Columbia: Eddie Erdelatz' hot-and-cold Midshipmen had better be hot. Columbia's Mitch Price may be clicking.

Vanderbilt over Tulane: Not enough anti-aircraft equipment at New Orleans to stop Vandy's Bill Krietemeyer.

DUKE OVER Wake Forest: One of the best teams in the South, the Blue Devils get back in the groove.

Princeton over Yale: Fullback Homer Smith's churning legs prove stronger than Ed Molloy's whip.

Lanky Danny Bucceroni Favored To Beat Shorter Foe, Danny Nardico

NEW YORK, Nov. 13 (AP)—Dan Bucceroni, lanky Philadelphia heavyweight, is a 7½ to 5 favorite to end Danny Nardico's nine-fight winning streak tomorrow night in a 10-rounder at Madison Square garden.

The nationally televised bout, scheduled for 10 p. m. (Pottstown time) does not figure to go the limit because both Danny boys are primarily sluggers. Bucceroni can stab effectively with his long left but he depends on punch. Nardico, a stock little guy, is a wade-in slugger with a good left hook and punishing right.

Bucceroni, who may be a rising star in the heavyweight class, has won 38 of 41. More important, he has knocked out 27 opponents for a 41 percent KO average. Nardico, a transplanted Ohio boy now fighting out of Tampa, Fla., has 30 knockouts while winning 42 of 53. He lost seven and fought two draws.

There's some talk that Nardico might qualify for a bout with Rex Layne if he gets past Bucceroni. But that's not definite. Bucceroni could move into an important heavyweight bout with a knockout win.

So far, Bucceroni's big moment was his 10-round upset of highly-ranked La Starza last December. La Starza later came back and evened the score.

Campaigning as a heavyweight in 1952, Bucceroni has had only three fights. He stopped Aaron Wilson, lost to La Starza and decided Dave Davey, a 211-pounder. The Davey fight at St. Nicholas Arena, Oct. 17, was his latest. He weighed 187½, most of his career.

NARDICO gave Harry (Kid)

'Y' Cage League Has 4 Entries

Four teams had representatives at the first meeting of the YMCA Senior Basketball league held in the office of Len Bernhardt, "Y" physical director, last night.

Spokesmen for the teams were: Nick Colosanti, Cardinals; Jim Petrucci, Eagles; Paul Feight, Senior Hi-Y; and Charlie Gink, Scorpions.

It was decided that all club rosters must be completed by Dec. 1, which will be the opening of league play. Rosters will be limited to 10 players only if a player is dropped from the squad for a legitimate reason may be replaced.

National collegiate rules for the 1952-53 season will be used with the exception of the time rule. Eight minute quarters rather than the standard 10 will be in effect.

All participants must be "Y" members and there will be a league entrance fee of 50 cents a man.

THE LEAGUE will operate on a round-robin basis with four rounds planned under the present setup. More teams will be accepted into the league if applications are forthcoming, thereby making it necessary to adjust the schedule.

Then two top teams at the end of the season will engage in a best-of-three playoff series with the winner being judged the league champ. A player must play in at least six games to become eligible for the playoffs.

Games will be played on Monday nights, first game starting at 7:15 and the second, 15 minutes after the conclusion of the first game.

Warmup games begin next Monday at 7:15. The Scorpions and Eagles will meet in the first contest, followed by a Senior Hi-Y-Cardinals game. Those interested in playing should attend the warm-up games and they will be assigned to a team.

Homer Smith Tab for All-American By Eastern Regional Nominators

NEW YORK, Nov. 13 (AP)—Homer Smith, 188-pound Princeton fullback, and Joe Gleason, rugged Holy Cross defensive center, headed the eastern regional board's nominations this week for the All-America football team.

Smith, under wraps for most of the season, churned out 273 yards rushing and scored four touchdowns as Princeton crushed Harvard, 41-21, last Saturday.

Gleason, Holy Cross captain and star line-backer, played a tremendous defensive as the Crusaders won over Colgate, 13-7. He recovered a fumble for his team's winning touchdown.

The board is composed of Ed Pollock of the Philadelphia Bulletin, Barney Madden of the Providence Journal and Evening Bulletin and Arthur Sampson of the Boston Herald.

Pollock witnessed the game at Philadelphia in which Georgia stunned Pennsylvania, 34-27, and named Georgia's Ed Bratkowski "the best college passer I ever saw."

BIG FRED FRANCO, a fullback from Newport, R. I., who carries the ball for Navy, also received

outstanding mention for his role in upsetting Duke at Durham, N. C., 16-6. He scored two touchdowns and piled up 115 yards in 25 carries.

Players named by the board for the first time were:
Robert Fleck, Syracuse tackle; Dave Thielscher, Dartmouth end; Joe Johnson, Boston College; Russell Sandborn, Rutgers end; and Bradley Glass, Princeton guard.

Those receiving repeat notice were:
Ends—Frank McPhee, Princeton; Ed Bell, Penn; Owen Coogan, Holy Cross, Ed Woodsum, Yale.
Tackles—Bob Morgan and Dick Modzelewski, Maryland; Victor Rimkus, Holy Cross.

Guards—Bill Maletzky, Maryland; Steve Eisenhauer, Navy; Chester Millette, Holy Cross.
Backs—Pot Abbruzzi, Rhode Island State; Mitch Price, Columbia; Chester Hanulak, Maryland; Bob Lederman, Syracuse; Gene Filipski, Villanova; Dick Clasby, Harvard.

Al Nun, former New York City mounted policeman, is now stall superintendent at Hialeah race track.

Five State Schools Endanger Perfect Records This Week

HARRISBURG, Nov. 13 (AP)—Five major eleven put perfect records on the line amid a flock of inter-sectional games in this last big 1952 week-end of Pennsylvania schoolboy football.

Most western teams play their last game of the season tomorrow night or Saturday but the eastern schools continue until as late as Thanksgiving Day.

Topping the card is unbeaten Aliquippa's all-important tussle with Ambridge in the West and all-winning West Scranton's clash with the powerful Allentown Canaries in the East.

West Scranton's invaders are unbeaten in 15 games over the past two years as they compiled the longest major winning streak still intact. Aliquippa needs a victory over Ambridge to qualify for a Nov. 29 playoff with Washington for the Class AA crown of the WPIAL.

Already boasting completed regular seasons without a loss or a tie are DuBoise, Johnsonburg and Washington. Still with two or more games to play are Lock Haven, Minersville and Upper Darby.

ALIQUIPPA will be meeting a traditional Beaver Valley foe in an Ambridge eleven that is capable of upsetting the Quips and

giving Washington the title without a playoff. However, Aliquippa is the favorite to keep its record from being soiled.

West Scranton, battling for the top spot in the northern division of the Eastern conference, is expected to have a tougher assignment in once-beaten Allentown. The Canaries have only a 12-6 loss to powerful Patterson Park of Baltimore against them and have played a stronger schedule. Allentown is a six-point favorite.

Upper Darby, leading class A team in the Philadelphia suburban area, should have little trouble keeping its record spotless against the Quaker City's Bok vocational.

EAST—Easton over Allentown Catholic, Lancaster over Milton Hershey, Reading over William Penn, Steelton over John Harris, York over Washington (D.C.), Eastern, Norristown over Abington, Berwyn over Phoenixville, Coatesville over Downingtown, Lower Merion over Chester, Pottstown over Bridgeport, Upland over York, and Stroudsburg over Northampton, Bethlehem over Erie Academy, Lebanon over Erie Strong Vincent, Tamaqua over West Hazleton, Pottsville over Hazleton, Shamokin over Ashland, Swoyersville over St. Michaels, Old Forge over Pittston, Berwick over Nanticoke, Wilkes-Barre over Kingston, Mahanoy City

WEST — Williamsport over Altoona, Clearfield over Curwensville, Beaver Falls over New Brighton, New Castle over Johnstown, Lewisburg over Huntingdon, Erie East over Meadville, Oil City over Franklin, Tarentum over West Deer, Har-Barck over Rochester, McKeesport over Turtle Creek, Waynesburg over Trinity, Conemaugh Twp over Somerset, Hollidaysburg over Tyrone, Bellefonte over State College.

Try and Stop Me

By BENNETT CERF

THERE are a great number of fascinating tidbits of out-of-the-way information in Marston Bates' book about the tropics, "Where Winter Never Comes." For instance, I'll bet you never knew that there are 1,500 different kinds of palm trees and 2,500 species of coral. The Aztecs discovered the joy of drinking hot chocolate, but it remained for the Spaniards to put sugar into it. Indian corn (maize) is an American grain, but it was growing in Africa when European explorers penetrated the dark continent (They're still trying to find a logical explanation for that one). People with dark skins are bitten much more frequently by mosquitoes than people with light ones. Author Bates reminds you that the fewer clothes you wear in the tropics, the better off you are. Shoes cause athlete's foot; coats prickly heat. In night clubs, it's usually lack of clothes that produce the most heat. Bates has nothing to say about that.

Pottstown's Prides

Another in the series of beautiful homes that make Pottstown warm

—Mercury Staff Photo

A three-level house that looks brand new but really was 4 years old the past Nov. 1 is the home of Mr. and Mrs. Charles C. Dennish at 1493 Cherry lane. Its look is no accident. They've planted many trees, evergreens mostly, around the house, brought in new top soil and repainted the outside woodwork. For the past five weeks, Dennish has been working on a brightly-painted playroom and workshop in the basement. The house, which was built by William E. Stauffer, Pottstown and Boyertown contractor, has its three levels separated by a half-dozen steps apiece. Actually, the garage could be considered a fourth level, since there's a laundry room behind it. On the main level are a living room, 11½ by 18½ feet (at right), dining room and kitchen. The second level, above the garage, has two bedrooms and bath. The top level has a large bedroom. Dennish is a diemaker for Doehler-Jarvis corporation, by which he's been employed for the past 30 years. That's Mrs. Dennish out front.

Petitions Demand Opening Vole Boxes in Second District

By Staff Correspondent

NORRISTOWN, Nov. 13—Opening of three ballot boxes in the county's second legislative district was demanded today in petitions filed with President Judge Harold G. Knight.

Taxpayers in the Fifth ward of Norristown, Fifth ward of Conshohocken and West ward of Plymouth township asked for a recount of votes in the balloting for general assemblyman. Each petition was accompanied by a \$50 deposit.

The dispute over the election results developed the past Saturday when the official tabulation board gave Thomas H. W. Jones, Republican incumbent, a 165 vote margin over John S. Quarry, Democrat, in the 27 voting precincts of the second district.

The board declared that it had found errors in the count made in the three wards where the boxes

are to be opened and in addition turned up a slight mistake in the Third precinct of Norristown's Sixth ward.

BEFORE THE OFFICIAL COUNT, Quarry had been made a six-vote victor on the basis of return sheet totals to the board of elections on election night.

A special board consisting of three attorneys has been appointed by Judge Knight to open the boxes and make a special count Nov. 20. If "fraud or error" is found, \$50 deposits will be returned. The money will be retained, however, to pay the expenses of opening the boxes if no material change in the outcome is discovered.

The first US building specially built for astronomical observations was constructed near Philadelphia in 1769.
